1.2 ADDITIONAL SERVICES AVAILABLE TO THE TAXING UNIT

ECTAC might further perform or render additional related services when requested to do so by the Taxing Unit, when additional services might result in additional costs and fees to be paid by the Taxing Unit. Before any such additional services are commenced by the ECTAC, said services and attendant costs and fees, if any, shall be established by a separate written agreement.

1.3 EXCLUSIONS

The scope of services contemplated hereunder does not include the administration of a rollback election. In the event of a rollback election, regardless of the outcome, all costs incurred by the ECTAC on behalf of the Taxing Unit shall be in addition to the collection fees set out in the attached Notice of Annual Per Parcel Cost and shall be confirmed by separate written agreement. Should the Taxing Unit adopt a rate that will trigger a rollback election, they may obtain an estimate of the costs that would be incurred, regardless of the outcome of the elections.

2.02 It is expressly understood and agreed that the Taxing Unit will pay all costs specified in the Notice of Annual Per Parcel Cost (Exhibit "A") as amended, with the approval of the Ellis County Commissioners Court. If the Notice of Annual Per Parcel Cost is amended in the future, the remainder of this Agreement shall remain in full force and effect unless specifically changed by a supplemental, amended or replacement Agreement. Before any such amendment may take effect, timely notice must be provided. To be considered timely, the notice shall be provided on or before the first day of June of each year, with an effective date of October first of the new tax year.

2.03 The ECTAC's compensation for performing the primary services contemplated herein shall be deducted from current collections by January 31st annually and shall include, but not

said funds.

VI. REFUNDS

6.01 Refunds will be made by the ECTAC on the Taxing Unit's behalf only as set forth herein. The ECTAC will not make refunds on any prior year paid accounts unless the prior year paid accounts for the past five (5) years are provided and made available to the ECTAC.

6.02 The ECTAC agrees to issue refund checks on behalf of the Taxing Unit as provided by the appropriate Appraisal District. In the event the Taxing Unit has insufficient collections to repay the Tax Office within fifteen (15) days, the outstanding sum must be paid in full upon notification by the Tax Office.

6.03 In the event the Taxing Unit is a party in any lawsuit regarding the collection of assessments provided for herein that is resolved by a settlement or final judgement requiring the Taxing Unit to refund tax payment proceeds to a taxpayer, the ECTAC shall be permitted to make such payment proceeds to a taxpayer on the Taxing Unit's behalf and to debit such amount from tax payment proceeds currently held by the ECTAC on behalf of the Taxing Unit.

VII. AUDIT CONTROLS

The ECTAC shall employ and utilize appropriate internal and external audit controls to ensure the accuracy and integrity of their tax collection efforts on Taxing Unit's behalf. The Taxing Unit reserves the right to employ its own independent audit mechanisms and controls. When requested, the ECTAC shall cooperate with the Taxing Unit's independent auditors by providing all necessary explanations and reports.

VIII. DELINQUENT TAX COLLECTION

8.01 In addition to the services provided herein, the ECTAC shall, to the fullest extent permitted by law, make all reasonable efforts to pursue the collection of delinquent assessments owed to the Taxing Unit. All such efforts shall include contracting with any competent attorney to represent the ECTAC in enforcing the collection of delinquent assessments. To avoid duplication of efforts and unnecessary costs to the taxpayer, the ECTAC recommends employing the same counsel for both the ECTAC and the Taxing Unit. Any attorney retained for such representation shall be paid in the manner permitted by law and consistent with the contract between the ECTAC and the attorney.

8.02 In the event the Taxing Unit utilizes different legal counsel than the one employed by the ECTAC, the Taxing Unit agrees to pay the additional costs, if any, that are incurred in

4.02 In the event that the Taxing Unit does not timely adopt or modify its assessments on or before 3rd Wednesday of September and, as a part thereof, notify the ECTAC of same, the Taxing Unit agrees that it will bear all reasonable additional costs incurred by the ECTAC as a direct or indirect result of the Taxing Unit's failure to timely adopt its Tax Rate. All such costs are in addition to the collection fees set out in the attached Notice of Annual Per Parcel Cost (Exhibit "A").

V. DEPOSIT OF FUNDS

5.01 All funds collected by the ECTAC on the Taxing Unit's behalf shall be promptly transferred and deposited by automated clearing house (ACH) protocol into an account designated by the Taxing Unit at its depository bank. If any daily collection total is less than twenty-five dollars ($25.00) the distribution may be withheld until the cumulative total of taxes collected on the Taxing Unit's behalf equals at least twenty-five dollars ($25.00).

5.02 After initiation of the aforementioned ACH transfers from the Ellis County Tax Office's depository account to the Taxing Unit's designated depository account, the ECTAC retains no responsibility and shall have no liability for the further management and processing of

utilizing different legal counsel. All such costs are in addition to the collection fees set out in the attached Notice of Annual Per Parcel Cost (Exhibit "A").

IX. NOTICES

Notices required to be given to either party to this Agreement shall be deemed delivered when either personally delivered, faxed with receipt confirmed, or when mailed via U.S. certified or registered mail, postage prepaid, and confirmed received by the intended recipient.

XI. TERM AND DURATION OF AGREEMENT

The term of this Agreement shall begin on the date of signatures by all parties hereto and continue in full force and effect from year to year until such time as either party, by written notice to the other, terminates the same. Notice of termination given hereunder on or before the first day of May of the tax year in which the party intends to terminate shall be effective immediately following the 30th day of September after such notice.

This Contract for Assessment and Collection is expressly made subject to each party's sovereign immunities as provided in Title 5 of the Texas Civil Practice and Remedies Code together with all applicable state and federal law. The parties expressly agree that no provision of this Agreement is intended to in any way constitute a waiver of any immunity from suit or from liability that the parties have by operation of law.

XIII. MISCELLANEOUS PROVISIONS

This Contract for Assessment and Collection constitutes the entire agreement between the parties relating to the rights and obligations delegated, assumed and owed by and between the ECTAC and the Taxing Unit. This contract supersedes any prior understandings and agreements by and between the parties, either written or oral, pertaining to the same or similar subject matters.

WHEREAS, pursuant to Chapter 372 of the Texas Local Government Code, Subchapter A, CITY has created and manages the FERRIS PUBLIC IMPROVEMENT DISCTRICT No. 1 (Shaw Creek) O&M, hereinafter referred to as the "DISTRICT", has levied special assessments for the authorized improvements on properties within the boundaries of the DISTRICT. NOW THEREFORE the COUNTY and CITY, for and in consideration of the mutual promises, covenants and agreements herein contained do hereby agree as follows:

I. SCOPE OF SERVICES

1.01 SERVICES TO BE RENDERED BY THE TAX ASSESSOR/COLLECTOR

A. The Ellis County Tax Assessor/Collector (hereinafter "ECTAC") shall assess and collect ad valorem property taxes upon all properties subject to the Taxing Unit's taxing jurisdiction and shall perform said services in the same manner and fashion as ECTAC collects taxes due and owing County on its own taxable properties. The services rendered hereunder shall conform with all applicable and controlling laws, rules, orders, mandates and regulations and shall include the following:

1) Receiving the Certified Appraisal Roll from the appropriate Appraisal District together with monthly changes thereto.
2) Providing mortgage companies, property owners and/or tax representatives tax roll and payment data.
3) Providing all necessary assessments of rates as required.
4) Transmitting tax statements via an appropriate medium.
5) Processing property tax payments.
6) Calculations of the No New Revenue Tax Rates, Voter Approval Tax Rates and Truth in Taxation Notices for publication unless instructed otherwise.

B. Additionally, on the Taxing Unit's behalf, the ECTAC shall:

1) Approve and refund erroneous overpayments when provided with sufficient historical information by the Taxing Unit.

2) Obtain approval or rejection of requests for waiver of penalties and interest for delinquent taxes owed.

3) Prepare and issue tax certificates.

4) Prepare and/or provide information and reports to state agencies, auditors and other interested parties regarding assessments, collections, and disbursements of ad-valorem taxes.

1.2 ADDITIONAL SERVICES AVAILABLE TO THE TAXING UNIT

ECTAC might further perform or render additional related services when requested to do so by the Taxing Unit, when additional services might result in additional costs and fees to be paid by the Taxing Unit. Before any such additional services are commenced by the ECTAC, said services and attendant costs and fees, if any, shall be established by a separate written agreement.

1.3 EXCLUSIONS

The scope of services contemplated hereunder does not include the administration of a rollback election. In the event of a rollback election, regardless of the outcome, all costs incurred by the ECTAC on behalf of the Taxing Unit shall be in addition to the collection fees set out in the

attached Notice of Annual Per Parcel Cost and shall be confirmed by separate written agreement. Should the Taxing Unit adopt a rate that will trigger a rollback election, they may obtain an estimate of the costs that would be incurred, regardless of the outcome of the elections.

In the event of a rollback election by the Taxing Unit, the ECTAC shall assume no duty or responsibility hereunder regarding (1) any matter relating to a financial or legal obligation said Taxing Unit may owe to any applicable Appraisal District; (2) the adoption of Taxing Unit's corrected/modified/amended tax rates, and related publications or notices pertaining thereto, or (3) any other obligation imposed by law or other controlling authority upon Taxing Unit not specifically stated in this Agreement.

II. COMPENSATION

2.01 In consideration of the services provided by the ECTAC, the Taxing Unit shall pay the ECTAC for the services provided herein, the amounts reflected in the attached Notice of Annual Per Parcel Cost attached hereto as Exhibit "A" and made a part hereof for all purposes and, as such, constitutes a part of this contractual agreement.

2.02 It is expressly understood and agreed that the Taxing Unit will pay all costs specified in the Notice of Annual Per Parcel Cost (Exhibit "A") as amended, with the approval of the Ellis County Commissioners Court. If the Notice of Annual Per Parcel Cost is amended in the future, the remainder of this Agreement shall remain in full force and effect unless specifically changed by a supplemental, amended or replacement Agreement. Before any such amendment may take effect, timely notice must be provided. To be considered timely, the notice shall be provided on or before the first day of June of each year, with an effective date of October first of the new tax year.

2.03 The ECTAC's compensation for performing the primary services contemplated herein shall be deducted from current collections by January 31st annually and shall include, but not be limited to, the Certified Tax Roll and all accounts added through supplements to the tax collection system to the Certified Tax Roll received from the appropriate Appraisal District since certification.

III. COOPERATION

3.01 The Taxing Unit shall provide to the ECTAC, without charge, copies of all records necessary to perform the duties and responsibilities contemplated under this Agreement in the format and/or medium in which they currently exist.

3.02 Any Tax Increment Financing (TIF) payments are not calculated or distributed by the County Tax Office.

3.03 Consistent with mandates of applicable law, the parties hereto shall assist each other in promptly complying with Public Information Requests pertaining to any aspects of this Agreement.

IV. NOTICE OF APPLICABLE TAX RATES

4.01 The Taxing Unit shall provide the ECTAC with timely notice regarding the adoption of all applicable assessment rates and exemptions together with related directives, orders, decisions or other matters which impact the assessment and collection of the assessments. As used herein, the phrase "timely" shall mean adopting the applicable Tax Rate for the Taxing Unit and providing notice to the ECTAC of same no later than 3rd Wednesday of September for each year that this Contract remains in effect.

4.02 In the event that the Taxing Unit does not timely adopt or modify its assessments on or before 3rd Wednesday of September and, as a part thereof, notify the ECTAC of same, the Taxing Unit agrees that it will bear all reasonable additional costs incurred by the ECTAC as a direct or indirect result of the Taxing Unit's failure to timely adopt its Tax Rate. All such costs are in addition to the collection fees set out in the attached Notice of Annual Per Parcel Cost (Exhibit "A").

V. DEPOSIT OF FUNDS

5.01 All funds collected by the ECTAC on the Taxing Unit's behalf shall be promptly transferred and deposited by automated clearing house (ACH) protocol into an account designated by the Taxing Unit at its depository bank. If any daily collection total is less than twenty-five dollars ($25.00) the distribution may be withheld until the cumulative total of taxes collected on the Taxing Unit's behalf equals at least twenty-five dollars ($25.00).

5.02 After initiation of the aforementioned ACH transfers from the Ellis County Tax Office's depository account to the Taxing Unit's designated depository account, the ECTAC retains no responsibility and shall have no liability for the further management and processing of said funds.

VI. REFUNDS

4.03 Refunds will be made by the ECTAC on the Taxing Unit's behalf only as set forth herein. The ECTAC will not make refunds on any prior year paid accounts unless the prior year paid accounts for the past five (5) years are provided and made available to the ECTAC.

6.02 The ECTAC agrees to issue refund checks on behalf of the Taxing Unit as provided by the appropriate Appraisal District. In the event the Taxing Unit has insufficient collections to repay the Tax Office within fifteen (15) days, the outstanding sum must be paid in full upon notification by the Tax Office.

6.03 In the event the Taxing Unit is a party in any lawsuit regarding the collection of assessments provided for herein that is resolved by a settlement or final judgement requiring the Taxing Unit to refund tax payment proceeds to a taxpayer, the ECTAC shall be permitted to make such payment proceeds to a taxpayer on the Taxing Unit's behalf and to debit such amount from tax payment proceeds currently held by the ECTAC on behalf of the Taxing Unit.

VII. AUDIT CONTROLS

The ECTAC shall employ and utilize appropriate internal and external audit controls to ensure the accuracy and integrity of their tax collection efforts on Taxing Unit's behalf. The Taxing Unit reserves the right to employ its own independent audit mechanisms and controls. When requested, the ECTAC shall cooperate with the Taxing Unit's independent auditors by providing all necessary explanations and reports.

VIII. DELINQUENT TAX COLLECTION

8.01 In addition to the services provided herein, the ECTAC shall, to the fullest extent permitted by law, make all reasonable efforts to pursue the collection of delinquent assessments owed to the Taxing Unit. All such efforts shall include contracting with any competent attorney to represent the ECTAC in enforcing the collection of delinquent assessments. To avoid duplication of efforts and unnecessary costs to the taxpayer, the ECTAC recommends employing the same counsel for both the ECTAC and the Taxing Unit. Any attorney retained for such representation shall be paid in the manner permitted by law and consistent with the contract between the ECTAC and the attorney.

8.02 In the event the Taxing Unit utilizes different legal counsel than the one employed by the ECTAC, the Taxing Unit agrees to pay the additional costs, if any, that are incurred in utilizing different legal counsel. All such costs are in addition to the collection fees set out in the attached Notice of Annual Per Parcel Cost (Exhibit "A").

IX. NOTICES

Notices required to be given to either party to this Agreement shall be deemed delivered when either personally delivered, faxed with receipt confirmed, or when mailed via U.S. certified or registered mail, postage prepaid, and confirmed received by the intended recipient.

X. SUPPLEMENTAL SURETY BOND RECOMMENDED

The ECTAC recommends that the Taxing Unit obtain an additional and adequate surety bond for the ECTAC specifically related to any and all anticipated services to be performed and rendered hereunder. The Taxing Unit agrees to pay all associated premiums for such bond.

XI. TERM AND DURATION OF AGREEMENT

The term of this Agreement shall begin on the date of signatures by all parties hereto and continue in full force and effect from year to year until such time as either party, by written notice to the other, terminates the same. Notice of termination given hereunder on or before the first day of May of the tax year in which the party intends to terminate shall be effective immediately following the 30th day of September after such notice.

XII. SOVEREIGN IMMUNITY

This Contract for Assessment and Collection is expressly made subject to each party's sovereign immunities as provided in Title 5 of the Texas Civil Practice and Remedies Code together with all applicable state and federal law. The parties expressly agree that no provision of this Agreement is intended to in any way constitute a waiver of any immunity from suit or from liability that the parties have by operation of law.

XIII. MISCELLANEOUS PROVISIONS

This Contract for Assessment and Collection constitutes the entire agreement between the parties relating to the rights and obligations delegated, assumed, and owed by and between the ECTAC and the Taxing Unit. This contract supersedes any prior understandings and agreements by and between the parties, either written or oral, pertaining to the same or similar subject matters.

This contract shall be construed under and in accordance with the laws of the State of Texas with all obligations contained herein to be performed in Ellis County, Texas.

This contract is not intended to benefit any third-party beneficiaries.

This contract shall be binding upon and inure to the benefit of the parties hereto together with their respective successors, attorneys, and assigns.

Should one or more provisions contained herein be declared invalid, illegal or otherwise unenforceable by a Court of competent jurisdiction, such declaration shall not invalidate or adversely impact other valid, legal and enforceable provisions. The remainder of this Agreement shall remain in full force and effect.

County of _____

I. PARTIES AND AUTHORITY

This Interlocal Cooperation Contract (Contract) is entered into between the Department of Public Safety of the State of Texas (DPS), an agency of the State of Texas and the _____ Court of the [City or County] of _____ (Court), a political subdivision of the State of Texas, referred to collectively in this Contract as the Parties, under the authority granted in Tex. Transp. Code Chapter 706 and Tex. Gov't Code Chapter 791 (the Interlocal Cooperation Act).

II. BACKGROUND

A peace officer authorized to issue citations within the jurisdiction of the Court must issue a written warning to each person to whom the officer issues a citation for a traffic law violation. This warning must be provided in addition to any other warnings required by law. The warning must state in substance that if the person fails to appear in court for the prosecution of the offense or if the person fails to pay or satisfy a judgment ordering the payment of a fine and cost in the manner ordered by the Court, the person may be denied renewal of the person's driver license.

As permitted under Tex. Transp. Code § 706.008, DPS contracts with a private vendor (Vendor) to provide and establish an automated Failure to Appear (FTA) system that accurately stores information regarding violators subject to the provisions of Tex. Transp. Code Chapter 706. DPS uses the FTA system to properly deny renewal of a driver license to a person who is the subject of an FTA system entry generated from an FTA Report.

An FTA Report is a notice sent by Court requesting a person be denied renewal of a driver's license in accordance with this Contract. The Court may submit an FTA Report to DPS's Vendor if a person fails to appear or fails to pay or satisfy a judgment as required by law. There is no requirement that a criminal warrant be issued in response to the person's failure to appear.

III. PURPOSE

This Contract applies to each FTA Report submitted by the Court to DPS or its Vendor and accepted by DPS or its Vendor.

IV. PERIOD OF PERFORMANCE

This Contract will be effective on the date of execution and terminate five years from that execution date unless terminated earlier in accordance with Section VII.C, *General Terms and Conditions, Termination*.

V. COURT RESPONSIBILITIES

A. FTA Report

For a matter involving any offense which a Court has jurisdiction of under Tex. Code Crim. Proc. Chapter 4, where a person fails to appear for a complaint or citation or fails to pay or

satisfy a judgment ordering payment of a fine and cost in the manner ordered by the Court, the Court will supply DPS, through its Vendor, an FTA report including the information that is necessary to deny renewal of the driver license of that person. The Court must make reasonable efforts to ensure that all FTA Reports are accurate, complete, and non-duplicative. The FTA Report must include the following information:

1. the jurisdiction in which the alleged offense occurred;
2. the name of the court submitting the report;
3. the name, date of birth, and Texas driver license number of the person who failed to appear or failed to pay or satisfy a judgment;
4. the date of the alleged violation;
5. a brief description of the alleged violation;
6. a statement that the person failed to appear or failed to pay or satisfy a judgment as required by law;
7. the date that the person failed to appear or failed to pay or satisfy a judgment; and
8. any other information required by DPS.

B. Clearance Reports

The Court that files the FTA Report has a continuing obligation to review the FTA Report and promptly submit appropriate additional information or reports to the Vendor. The clearance report must identify the person, state whether or not a fee was required, and advise DPS to lift the denial of renewal and state the grounds for the action. All clearance reports must be submitted immediately, but no later than two business days from the time and date that the Court receives appropriate payment or other information that satisfies the person's obligation to that Court.

To the extent that a Court uses the FTA system by submitting an FTA Report, the Court must collect the statutorily required $10.00 reimbursement fee from the person who failed to appear, pay or satisfy a judgment ordering payment of a fine and cost in the manner ordered by the Court. If the person is acquitted of the underlying offense for which the original FTA Report was filed or found indigent by the court, the Court will not require payment of the reimbursement fee.

Court must submit a clearance report for the following circumstances:

1. the perfection of an appeal of the case for which the warrant of arrest was issued or judgment arose;
2. the dismissal of the charge for which the warrant of arrest was issued or judgment arose;
3. the posting of a bond or the giving of other security to reinstate the charge for which the warrant was issued;
4. the payment or discharge of the fine and cost owed on an outstanding judgment of the Court; or
5. other suitable arrangement to satisfy the fine and cost within the Court's discretion.

After termination of the Contract, the Court has a continuing obligation to report dispositions and collect fees for all violators in the FTA system at the time of termination. Failure to comply with the continuing obligation to report will result in the removal of all outstanding entries of the Court in the FTA Report, resulting in the lifting of any denied driver license renewal status from DPS.

C. Quarterly Reports and Audits

Court must submit quarterly reports to DPS in a format established by DPS.

Court is subject to audit and inspection at any time during normal business hours and at a mutually agreed upon location by the state auditor, DPS, and any other department or agency, responsible for determining that the Parties have complied with the applicable laws. Court must provide all reasonable facilities and assistance for the safe and convenient performance of any audit or inspection.

Court must correct any non-conforming transactions performed by the Court, at its own cost, until acceptable to DPS.

Court must keep all records and documents regarding this Contract for the term of this Contract and for seven years after the termination of this Contract, or until DPS or the State Auditor's Office (SAO) is satisfied that all audit and litigation matters are resolved, whichever period is longer.

D. Accounting Procedures

Court must keep separate, accurate, and complete records of the funds collected and disbursed and must deposit the funds in the appropriate municipal or county treasury. Court may deposit such fees in an interest-bearing account and retain the interest earned on such accounts for the Court.

Court will allocate $6.00 of each $10.00 reimbursement fee received for payment to the Vendor and $4.00 for credit to the general fund of the municipal or county treasury.

E. Non-Waiver of Fees

Court will not waive the $10.00 reimbursement fee for any person that has been submitted on an FTA Report, unless any of the requirements in Tex. Trans. Code § 706.006(a) or §706.006(d) are met.

Failure to comply with this section will result in: (i) termination of this Contract for cause; and (ii) the removal of all outstanding entries of the Court in the FTA Report, resulting in the lifting of any denied driver license renewal status from DPS.

F. Litigation Notice

The Court must make a good-faith attempt to immediately notify DPS in the event that the Court becomes aware of litigation in which this Contract or Tex. Transp. Code Chapter 706 is subject to constitutional, statutory, or common-law challenge, or is struck down by judicial decision.

VI. DPS's RESPONSIBILITIES

DPS will not continue to deny renewal of the person's driver license after receiving notice from the Court that the FTA Report was submitted in error or has been destroyed in accordance with the Court's record retention policy.

VII. PAYMENTS TO VENDOR

Court must pay the Vendor a fee of $6.00 per person for each violation that has been reported to the Vendor and for which the Court has subsequently collected the statutorily required $10.00 reimbursement fee. In the event that the fee has been waived by Tex. Trans. Code § 706.006(a) or §706.006(d), no payment will be made to the Vendor.

Court agrees that payment will be made to the Vendor no later than the last day of the month following the close of the calendar quarter in which the payment was received by the Court.

DPS will not pay Vendor for any fees that should have been submitted by a Court.

VIII. GENERAL TERMS AND CONDITIONS

A. Compliance with Law. This Contract is governed by and construed under and in accordance with the laws of the State of Texas. The Court understands and agrees that it will comply with all local, state, and federal laws in the performance of this Contract, including administrative rules adopted by DPS.

B. Notice. The respective party will send the other party notice as noted in this section. Either party may change its information by giving the other party written notice and the effective date of the change.

If either Party is subject to a lack of appropriations that are necessary for that Party's performance of its obligations under this Contract, the Contract is subject to immediate cancellation or termination, without penalty to either Party.

D. Amendments.

This contract may only be amended by mutual written agreement of the Parties.

E. Miscellaneous.

1. The parties shall use the dispute resolution process provided for in Chapter 2260 of the Texas Government Code to resolve any disputes under this Contract; provided

however nothing in this paragraph shall preclude either Party from pursuing any remedies available under Texas law.

The following have been added by full text:

BLOCK 14 CONTINUED - P00001

The purpose of this modification is to de-obligate funds in the amount of -$4,971.60 from line item 0001. Increased law enforcement contract office patrol hours are estimations based on the previous years logged patrol hours. All other terms and conditions remain unchanged.

Only a warranted Contracting Officer (either a Procuring Contracting Officer (PCO) or an Administrative Contracting Officer (ACO), acting within their appointed limits, has the authority to issue modifications or otherwise change the terms and conditions of this contract. If an individual other than the Contracting Officer attempts to make changes to the terms and conditions of this contract, you shall not proceed with the change and shall immediately notify the Contracting Officer. Subject: RE: New Applications Received - March 29, 2023
Date: Monday, April 10, 2023 7:21:00 AM
Attachments: SUB-33-2023 Lots 8A & 8B Rolling Acres Replat.pdf

Good morning,

In reviewing the replat application for Rolling Acres Lots 8A & 8B, the following was noted for revision:

1. Please add the deed recording information to the first paragraph of the owner's certificate.
2. Please remove final plat from the plat title block as well as owner's statement.
3. Please add the number of lots as well as the computed gross acreage to the plat title block.
4. Please add the survey and abstract information to the plat title block.
5. Youngblood Road is classified as minor arterial road according to the County's MTP. An additional 10 ft. of right of way dedication is needed.
6. The notary's statement for the owner lists Keith Davis.
7. Septic lines cannot cross property lines. If 206 and 210 Youngblood Road share an OSSF system, each must have their own system before the property can be subdivided.

Additionally, the following documentation required at the time of application submittal has not been received:

1. Completed Plat Application signed by property owner (separate letters of authorization without signed applications will NOT be accepted).
2. Application plat fee paid in full at time of submittal. Please see attached invoice for amount due.
3. Digital file plat in PDF & DWG (AutoCAD) format on a flash drive or CD/DVD with State Plan Coordinate System (Texas North Central - 4202). Scanned PDFs will NOT be accepted.
4. Signed Water Utility Endorsement Letter.
5. Signed Waiver of Takings Impact Assessment.
6. Approval or release letter from County Engineer's Office regarding construction/engineering plans for the proposed subdivision.
7. If applicable, City approval if property is in the extraterritorial jurisdiction (ETJ).
8. Original Tax Certificate with raised seal from the County Tax Office demonstrating all current property taxes are paid in full.

At this time due to the outstanding documentation listed above, this plat application is currently deemed to be incomplete. Please let me know if you have any questions.

Thank you,

Sara Garcia

However, the performance of this contract may extend beyond the current fiscal year. The fiscal year for COUNTY extends from October 1 of each calendar year to September 30 of the following calendar year. Notwithstanding anything to the contrary within this contract, if at any time during the term of this contract the Commissioners Court of Ellis County, Texas (1) fails to provide funding for this contract during the following fiscal year at Ellis County, Texas; (2) does not adopt a budget for expenditures; (3) or is only able to partially fund the expenditures required by this contract, then COUNTY may, upon giving the PROVIDER written notice of such failure to fund and termination, terminate this contract, or part thereof, without any further liability, effective (30) days after COUNTY notifies PROVIDER in writing of such failure to fund and termination. COUNTY shall pay PROVIDER for work completed up to that date. There shall be no recourse for the PROVIDER as to sums beyond those for work performed to that date, including no recovery allowed for consequential damages, interruption of business, or lost profits anticipated being made hereunder.

Presentation and acceptance of the FY2023 Annual Comprehensive Financial Report and Single Audit by Patillo Brown and Hill, LLP

ELLIS COUNTY, TEXAS

ANNUAL COMPREHENSIVE FINANCIAL REPORT

FOR THE FISCAL YEAR ENDED

SEPTEMBER 30, 2023

ELLIS COUNTY AUDITOR

Honorable County Judge and
Members of the Commissioners' Court
Ellis County, Texas

We have audited the financial statements of Ellis County, Texas as of and for the year ended September 30, 2023, and have issued our report thereon dated March 27, 2024. Professional standards require that we advise you of the following matters relating to our audit.

Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated July 5, 2023 our responsibility, as described by professional standards, is to form and express opinions about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of Ellis County, Texas solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

We have provided our comments regarding material weaknesses and other matters noted during our audit in a separate letter to you dated March 27, 2024.

Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

Compliance with All Ethics Requirements Regarding Independence

The engagement team, others in our firm, and, as appropriate, our firm have complied with all relevant ethical requirements regarding independence.

As a part of the engagement we assisted in preparing the financial statements, schedule of expenditures of federal awards, and related notes to the financial statements of Ellis County, Texas in conformity with U.S. generally accepted accounting principles and Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) based on information provided by you. These nonaudit services do not constitute an audit under *Government Auditing Standards* and such services were not conducted in accordance with *Government Auditing Standards.*

In order to ensure we maintain our independence for performing these nonaudit services certain safeguards were applied to this engagement. These safeguards include a concurring quality review, which is a review of the financial statements and key audit areas which is performed by a partner or manager who has adequate experience in audits of local governments, but who was not involved in this audit engagement. The concurring reviewer serves as an evaluator of the performance of the engagement team and the nonattest services provided.

In addition, management assumed responsibility for the financial statements, schedule of expenditures of federal awards, and related notes to the financial statements and any other nonaudit services we provided. Management acknowledged in the management representation letter our assistance with the preparation of the financial statements, schedule of expenditures of federal awards, and related notes to the financial statements and that these items were reviewed and approved prior to their issuance and accepted responsibility for them. Further, the nonaudit services were overseen by an individual within management that has the suitable skill, knowledge, or experience; evaluated the adequacy and results of the services; and accepted responsibility for them.

Significant Risks Considered

We have considered the following significant risks during our audit process, which required special audit consideration. None of the specific risks below have resulted in a significant matter, finding, or issue.

Significant Risk Considered	Reasoning for Special Audit Consideration
1. Management override of controls	The risk that members of management could circumvent well-designed and effective internal controls.
2. Subscriptions	A new accounting standard (GASB 96, *Subscription-based IT Arrangements*) requires new accounting, financial reporting, and note disclosures.

Qualitative Aspects of the Entity's Significant Accounting Practices

Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. A summary of the significant accounting policies adopted by Ellis County, Texas is included in Note III to the financial statements. As described in the notes to the financial statements, during the year, the entity changed its method of accounting for fiduciary activities by adopting Governmental Accounting Standards (GASB) Statement No. 96, *Subscription-based IT Arrangements*. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's current judgments. Those judgments are normally based on knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ markedly from management's current judgments.

The most sensitive accounting estimates affecting the financial statements are:

Management's estimate of the useful lives of capital assets is based on the expected lifespan of the asset in accordance with standard guidelines. We evaluated the key factors and assumptions used to develop the estimate of useful lives in determining that it is reasonable in relation to the financial statements taken as a whole and in relation to the applicable opinion units.

Management's estimate of the allowance for uncollectible property taxes and fines receivable are based on historical collections. We evaluated the key factors and assumptions used to develop the allowance for uncollectible property taxes in determining that it is reasonable in relation to the financial statements taken as a whole and in relation to the applicable opinion units.

Management's estimate of the net pension liability and pension costs are based on actuarial assumptions which are determined by the demographics of the plan and future projections that the actuary makes based on historical information of the plan and the investment market. We evaluated the key factors and assumptions used to develop the net pension liability and pension costs and determined that they are reasonable in relation to the basic financial statements taken as a whole and in relation to the applicable opinion units.

Management's estimate of the total OPEB liability and OPEB costs are based on actuarial assumptions which are determined by the demographics of the plan and future projections that the actuary makes based on historical information of the plan. We evaluated the key factors and assumptions used to develop the total OPEB liability and OPEB costs in determining that they are reasonable in relation to the financial statements taken as a whole.

Financial Statement Disclosures

Certain financial statement disclosures involve significant judgment and are particularly sensitive because of their significance to financial statement users. The most sensitive disclosures affecting the County's financial statements relate to the net pension liability. The disclosures in the financial statements are neutral, consistent, and clear.

Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

Uncorrected and Corrected Misstatements

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole and each applicable opinion unit. Management has corrected all identified misstatements.

In addition, professional standards require us to communicate to you all material, corrected misstatements that were brought to the attention of management as a result of our audit procedures. None of the misstatements identified by us as a result of our audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole or applicable opinion units.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to Ellis County, Texas' financial statements or the auditor's report. No such disagreements arose during the course of the audit.

Representations Requested from Management

We have requested certain written representations from management, which are included in the management representation letter dated March 27, 2024.

Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

Other Significant Matters, Findings, or Issues

In the normal course of our professional association with Ellis County, Texas, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, operating and regulatory conditions affecting the entity, and operational plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as Ellis County, Texas' auditors.

Significant Forthcoming Accounting Standards

The Governmental Accounting Standards Board (GASB) issued the following statements which become effective in future fiscal years.

GASB Statement No. 100, *Accounting Changes and Error Corrections – An Amendment of GASB Statement No. 62* - The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. This Statement will become effective for reporting periods beginning after June 15, 2023, and the impact has not yet been determined.

GASB Statement No. 101, *Compensated Absences* - The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. This Statement will become effective for reporting periods beginning after December 15, 2023, and the impact has not yet been determined.

Restrictions on Use

This report is intended solely for the information and use of the County Commissioners and management of Ellis County, Texas and is not intended to be and should not be used by anyone other than these specified parties.

Honorable District Judges of Ellis County, Honorable Members of the Ellis County Commissioners Court and Citizens of Ellis County:

The Annual Comprehensive Financial Report of Ellis County, Texas, for the fiscal year ended September 30, 2023, is submitted herewith as prescribed by Local Government Code Section 114.025 of the State of Texas. The accompanying financial statements were prepared in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board and audited in accordance with auditing standards generally accepted in the United States of America by a firm of licensed public accountants.

These basic financial statements are the responsibility of the County's management. To the best of our knowledge and belief, the enclosed data, as presented, is accurate in all material aspects; in a manner to fairly set forth the financial position and results of operations of the County; and that all disclosures necessary to enable the readers to gain the maximum understanding of the County's financial affairs have been included.

Internal Control

The County's accounting system supports an adequate internal control structure. This structure helps to safeguard the County's assets against loss, theft, or misuse. The accounting system provides reliable financial records for preparing financial statements in conformity with generally accepted accounting principles (GAAP). The internal control structure provides reasonable, but not absolute, assurance that the County's assets are safeguarded. The concept of reasonable assurance first recognizes that the cost of a control should not exceed the benefits likely to be derived. Secondly, the evaluation of costs and benefits requires estimates and judgments by management.

All internal control evaluations occur within the above framework. The County Auditor's office continually assesses its ability to ensure that adequate internal accounting controls are in place to safeguard assets and provide reasonable assurance of proper recording of financial transactions. With this goal, the internal audit function becomes a larger task each year, addressing the needs that change and growth dictate.

Independent Audit

The County's financial statements have been audited by Patillo, Brown & Hill, LLP, a firm of licensed certified public accountants. The goal of the independent audit is to provide reasonable assurance that the financial statements of the County for the fiscal year ended September 30, 2023, are free of material misstatement. The independent audit involves examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that Ellis County, Texas' financial statements for the period ended September 30, 2023, are fairly presented in conformity with generally accepted accounting principles. The independent auditors' report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of a Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and as such should be read in conjunction. The County's MD&A can be found immediately following the report of the independent auditor.

Profile of the Government

Ellis County is located in North Central Texas, 20 miles south of Dallas and is considered part of the Dallas-Fort Worth Metroplex. Ellis County is a member of the North Central Texas Council of Governments which is comprised of 16 Counties. The 2010 official US Census population for the County was 149,610 while the 2023 approximate population is 212,182. The County provides a full range of services authorized by statute. These services include general governmental services such as recording and licensing, maintaining the county and district court systems, maintaining public facilities, ensuring public safety, maintaining public health and welfare, aiding conservation, election administration, tax collection services, and maintaining county roads and bridges.

William Hawkins was the first chief justice (county judge). Judge Oran Milo Roberts presided over the first term of the Ellis County District Court during the fall of 1850. The County is a public corporation and political subdivision of the State of Texas, officially established by the State legislature on December 20, 1849. Waxahachie is the county seat and home of the historic Ellis County Courthouse built in 1895 and recognized by many as one of the most picturesque buildings in the state.

Budget

The Annual Budget serves as the foundation for Ellis County's financial planning and control. The County Judge serves as the Budget Officer as defined in the Texas Local Government Code 111 Subchapter A. All departments of the County are required to submit a request for appropriation to the Budget Officer. The Commissioners' Court then holds budget work sessions to hear specific requests that were not included in the Budget Officer's recommended budget. The Budget Officer uses these requests as the starting point for developing a proposed budget. Then a proposed budget and a recommended budget prepared by the Budget Officer is submitted to the Commissioners' Court for their consideration. The

Court is required to publish specific information notices, and hold public hearings as defined by state statute. Once all these requirements are met, the County may adopt the budget and the tax rate by September 1 or as soon as practicable, thereafter. The appropriated budget is adopted for each fund annually on the department level. The County's department heads may make transfer of appropriations within a department upon approval of Commissioners' Court. Due to conservative budgeting, the County's financial position is poised to remain strong over the near term. The County has generated six successive years of general fund surplus.

Economy

Ellis County is located in the Blackland Prairie region of Texas with a total land area of 939.91 square miles. Major north-south highways within Ellis County include I-35E, I-45, US 67, and Texas 360 Toll Road. Connecting Ellis County's largest cities – Midlothian, Waxahachie, and Ennis – is US 287, which runs northwest to southeast through the county. The Texas Department of Transportation continues to improve and plan major roadways through Ellis County, including new loops, overpasses, and spurs to increase accessibility between major highways and FM roads with an estimated value of $1.2 billion over the next decade. Local industry also benefits from railways connecting Ellis County with other metroplexes to the North, South, and Southeast.

Ellis County's economy has traditionally been agricultural, but it is now transitioning to manufacturing. The biggest manufacturing industries in Ellis County include aerospace engineering, power generation, data collection centers, and production of steel, fiberglass, cement, and vinyl. Automobile shipping and storage also represents a growing component of the economy, and enterprise architecture firms from the DFW metroplex continue to co-locate office space in Ellis County. The county is also home to several institutions of higher education, including the Texas State Technical College and Navarro College, and has also been recognized for its exemplary public grade schools.

During fiscal year 2022, Ellis County's tax revenue increased by $4,934,547 – a 7.95 % increase from FY22 – and will continue a strong upward trajectory as residents of the Dallas Fort-Worth metroplex build new homes in Ellis County. The county is becoming increasingly suburban as more housing developments spring up around the county – particularly west of I-35E. A large portion of these developments are being built in the extraterritorial jurisdiction (ETJ) outside of Ellis County's major cities, maintaining the amenities that new residents are accustomed to while still providing a more rural setting for their homes.

Major Initiatives and Capital Planning

For the first time in its history, Ellis County is incorporating long-term facilities update plan to accommodate increasing demand for county services as more housing developments occur outside of city limits. Financed by $316,996 of the General Fund, this plan surveyed the county's anticipated need for new facilities up to 30 years in the future. The plan includes major building purchases and construction projects with a goal of expanding accessibility to various government departments while also avoiding rental payments.

Waxahachie, TX 7516 *(972) 825-5120* *(972) 825-5124*

Ellis County also enjoys access to a generous grant of State and Local Fiscal Recovery (SLFRF) Funds, which were authorized by the American Rescue Plan Act (ARPA) to assist local governments across the nation with paying for unanticipated expenses stemming from the COVID-19 Pandemic. Ellis County received $35,900,284 in SLFRF funds between FY2021 and FY2022. This major funding helped Ellis County pay for improvements to various government services, including new data equipment for the justice system and upgraded HVAC systems for the courthouses and the Wayne McCollum Detention Center, approximately $10 million to assist Ellis County not for profits organizations with recovery, and assistance to other government agencies in Ellis County with infrastructure.

Capital improvements throughout the County will include up to $25 million in new facility investments for Ellis County Central, Justice of Peace 2 facility which will also house Constable 2 along with our Texas Agrilife facility. The current Courts and Administration Building expansion includes a parking facility and central jury room. All capital improvements are being accomplished without additional debt and without raising the Interest and Sinking debt tax rate.

Long Term Financial Planning

During each fiscal year, the Ellis County Commissioners' Court releases unassigned General Fund balance after 90 days to cover one-time expenses. When this excess balance becomes available, it may be used to pay for non-recurring expenditures such as real estate purchases, right-of-way improvements, permanent improvement needs, and capital assets. However, the court has incorporated a policy that these funds may not be used to justify increased overhead for future maintenance or operating costs.

To keep the fund balance at the target level, the Commissioners' Court will:

1) Control expenditures
2) Set proper tax rates
3) Adjust other revenues as needed.

For Special or Dedicated Funds, there are no target levels to maintain, as these are established by the Texas Legislature and have restrictions on the way they can be used. These funds are always available to be used for their intended purposes, thus reducing the General Fund tax burden.

Another major component of long-term financial planning is debt administration. Ellis County can fund a portion of its capital by issuing general obligation bonds, and the county monitors the borrowing market conditions to issue debt at the appropriate time. Ellis County maintains an "AA" rating from Fitch Ratings and an "Aa1" rating from Moody's Investors Service, Inc. for its general obligation debt.

One last component of long-term financial planning is post-employment benefit for former Ellis County employees. The county follows the provisions of the Governmental Accounting Standards Board, Statement 75, with regard to retiree benefits. Each fiscal year, Ellis County maintains a manageable pension burden through its participation in the Texas County and District Retirement System (TCDRS). The county has consistently met its retiree benefit obligations to TCDRS through monthly contributions.

Financial Administration

The officials responsible for the financial administration of the County are the County Judge and four County Commissioners (the Commissioners' Court), the County Treasurer, the Tax Assessor Collector and the County Auditor. The County Auditor is appointed for a two-year term by the State District Judges who have jurisdiction within the County.

The Commissioners' Court is the governing body of the County and is the elected five-member Commissioners' Court in accordance with Article 5, Paragraph 18 of the Texas Constitution. It has only powers expressly granted to it by the legislature and powers necessarily implied from such grant. Among other things, Commissioners' Court approves the County budget, determines the County tax rate, approves contracts in the name of the County, determines whether a proposition to ensure bonds should be submitted to the voters, appoints certain County officials, conducts official business of the County at designated meeting times, and appoints certain individuals to manage various departments. The County Judge is the presiding officer of the Commissioners' Court and is elected at large to serve a four-year term. Each Commissioner represents one of the four precincts into which the County is divided and is elected by the voters of his precinct. County Commissioners serve four-year staggered terms, every two years, two are up for election. The County Commissioners are responsible for maintaining road and bridges, personnel and equipment for their precincts.

The Tax Assessor Collector is elected for a four-year term and responsible for assessing property taxes based on values determined by the Ellis County Appraisal District using the tax rate adopted by Commissioners' Court. The Tax Assessor Collector is also responsible for collecting ad valorem taxes, certain State and County fees and other revenues.

The County Treasurer is elected for a four-year term and responsible for depositing money received by the County in the depository selected by the Commissioners' Court. The Treasurer also serves as the County Investment Officer and confers with the County Auditor regarding investments of county funds. The Treasurer is responsible for Payroll. The Treasurer is also responsible for bank reconciliation and distributing disbursements. The Commissioners' Court has adopted an investment policy in compliance with the Public Funds Investment Act.

The County Auditor is the chief financial officer of the County and is responsible for substantially all County financial and accounting control functions. The Auditor's responsibilities include accounting, auditing, fraud detection and financial operations and reporting. The Auditor does not have disbursement responsibilities. The County Auditor works with the Treasurer to determine the type, terms and amounts of investments of County funds.

As demonstrated by the statements and schedules included in the financial sections of this report, the County continues to meet its responsibility for sound financial management.

INDEPENDENT AUDITOR'S REPORT

Honorable County Judge
and Members of the Commissioners' Court
Ellis County, Texas

Report on the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund financial of Ellis County, Texas as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise Ellis County, Texas' basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit, and the aggregate remaining fund information of the County, as of September 30, 2023, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the County and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter - Change of Accounting Principle

As discussed in the notes to the financial statements, in the year ending September 30, 2023, the County adopted new accounting guidance, Governmental Accounting Standards Board (GASB) Statement No. 96, *Subscription-based IT Arrangements*. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

The County's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the County's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control–related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and pension and OPEB information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining nonmajor fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining nonmajor fund financial statements and schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information Included in the Annual Comprehensive Financial Report

Management is responsible for the other information included in the annual financial report. The other information comprises the introductory and statistical sections but does not include the financial statements and our auditor's report thereon. Our opinions on the financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 27, 2024, on our consideration of the Ellis County, Texas' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of testing of internal controls over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Ellis County's internal control over financial reporting and compliance.

MANAGEMENT'S
DISCUSSION AND ANALYSIS

THIS PAGE LEFT BLANK INTENTIONALLY

As management of Ellis County, we offer readers of Ellis County's financial statements this narrative overview and analysis of the financial activities of Ellis County for the fiscal year ended September 30, 2023. We encourage readers to consider the information presented herein conjunction with additional information that we have furnished in our letter of transmittal, which can be found in the introductory section of this report.

FINANCIAL HIGHLIGHTS

The assets and deferred outflows of resources of Ellis County exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by $98.8 million (net position). Of this amount, $22.1 million (unrestricted net position) may be used to meet the government's ongoing obligations to citizens and creditors.

- The government's total net position increased by $19.2 million, before a prior period adjustment of $1.1 million to report additional payables to Tax Increment Reinvestment Zones within the County.
- As of the close of the current fiscal year, Ellis County's governmental funds reported combined ending fund balances of $83.7 million, an increase of $12.8 million. Of that amount, $35.1 million is available for spending at the government's discretion (unassigned fund balance) in accordance with applicable laws.
- At the end of the current fiscal year, the unassigned fund balance for the General Fund was $35.1 million or 49% of total General Fund expenditures.
- The County's total bonded long-term debt decreased by $2.4 million during the current fiscal year. This decrease is attributed to the principal payments made during the fiscal year.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as an introduction to Ellis County's basic financial statements. Ellis County's financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of Ellis County's finances, in a manner similar to a private- sector business.

The statement of net position presents information on all of Ellis County's assets, deferred outflows of resources, liabilities, and deferred inflows of resources with the difference between the four reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Ellis County is improving or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of Ellis County that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities of Ellis County include general government, public safety, roads, and highways, judicial, and health and welfare.

The government-wide financial statements can be found immediately following the management's discussion and analysis.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Ellis County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance- related legal requirements. All of the funds of Ellis County can be divided into two categories: governmental funds and fiduciary funds.

- **Governmental funds –** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government wide financial statements. However, unlike the government wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near- term financing requirements.

  Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near- term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

  Ellis County maintains 51 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balance for the General Fund which is a major funds. Data from the other 48 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

  Ellis County adopts an annual appropriated budget for all funds. A budgetary comparison statement has been provided for all budgeted funds to demonstrate compliance with this budget.

  The basic governmental fund financial statements can be found immediately following the government-wide financial statements.

- **Fiduciary funds –** Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support Ellis County's own programs.

  The basic fiduciary fund financial statements can be found following the governmental fund financial statements.

Notes to the Financial Statements

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Ellis County, assets and deferred outflows of resources exceeded liabilities and deferred inflows of resources by $98.8 million at the close of the most recent fiscal year.

Ellis County's investment in capital assets (e.g., land, buildings, machinery, and equipment), less any related debt used to acquire those assets that is still outstanding, is 38% of net position. Ellis County uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although Ellis County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The remaining balance of unrestricted net position, $22.1 million, may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, Ellis County can report positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental activities. The same situation held true for the prior fiscal year.

Governmental activities. Governmental activities increased Ellis County's net position by $19.2 million, before a prior period adjustment of $1.1 million.

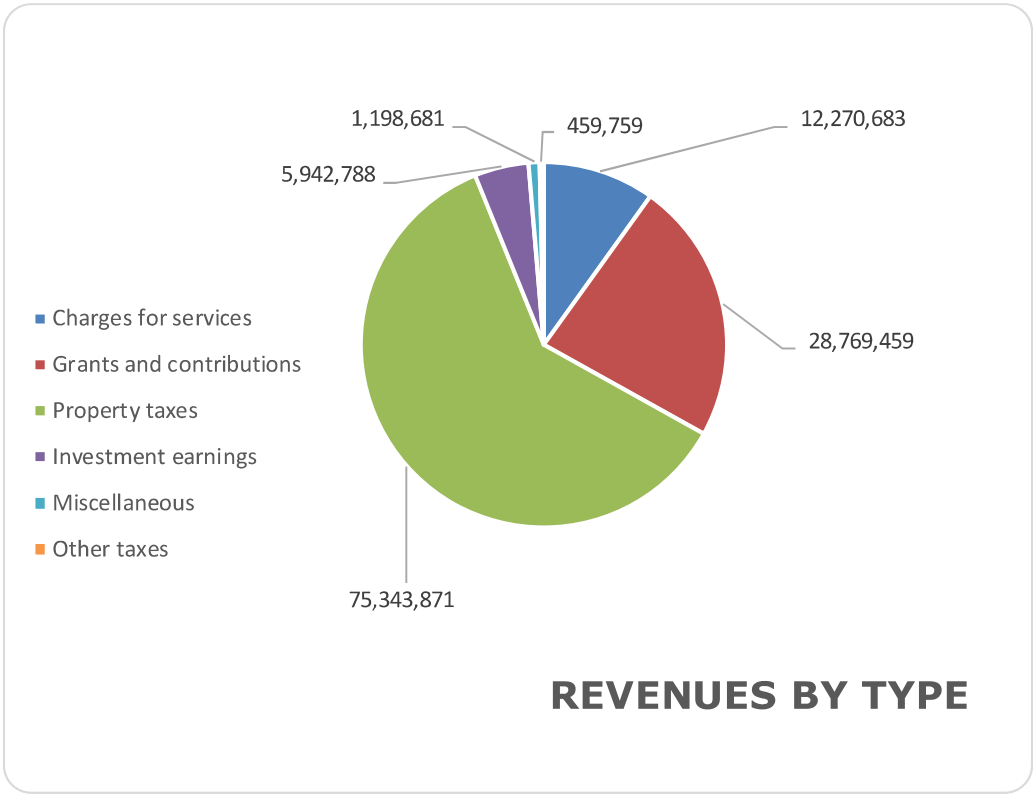

Property taxes increased by $6.3 million during the year due to an increase in assessed taxable values. Revenue increased by $37.8 million due to the inclusion of the Local Provider Participation Fund, as well as significant increases in grant revenues and investment earnings.

Expenses increased by $24.9 million. This increase can be attributed mostly to an increase of $15.8 million in health and welfare due to the inclusion of the Local Provider Participation Fund. Other increases across each function are a result of salary increases and growth in the County requiring additional services.

FINANCIAL ANALYSIS OF THE COUNTY'S FUNDS

Governmental Funds

As noted earlier, Ellis County uses fund accounting to ensure and demonstrate compliance with legal requirements.

The focus of Ellis County's governmental funds is to provide information on inflows, outflows, and balances of spendable resources. Such information is useful in assessing Ellis County's financing requirements. In particular, an unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

The General Fund is the chief operating fund of Ellis County. At the end of the current fiscal year, the unassigned fund balance of the General Fund was $40.8 million. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. The fund balance of Ellis County's General Fund increased by $1.0 million during the current fiscal year. This increase is primarily due to an increase in property tax revenue and a transfer from the ARPA Grant Fund. Increased assessed taxable values were the driving factor for the increase.

The ARPA Grant Fund experienced an increase in fund balance of $1.2 million, which was driven by investment earnings and grant revenue exceeding grant expenditures and transfer to the General Fund.

The Local Provider Participation Fund experienced an increase in fund balance of $251 thousand, which was caused by mandatory payments collected exceeding remittances to the state.

GENERAL FUND BUDGETARY HIGHLIGHTS

The County's revenue projections increased approximately $419,092 when compared with the original budget. The actual revenue recognized was less than budgeted amounts by $18.9 million.

The General Fund's final revised expenditure budget was approximately $2.5 million greater than the figure originally adopted. Actual year-end expenditures totaled $5.8 million less than the revised budget total.

CAPITAL ASSET AND DEBT ADMINISTRATION

Ellis County's investment in capital assets for its governmental activities as of September 30, 2021, amounts to $68,414,898 (net of accumulated depreciation). This investment in capital assets includes land, buildings and improvements, and machinery and equipment.

Long-term Debt

At the end of the current fiscal year, Ellis County had total debt outstanding of $38.3 million, compared to a balance of $42.0 million in the prior year.

The County also has leases and subscriptions payable of $7.1 million and compensated absences of $2.5 million.

The County's overall debt decreased $3.6 million from the prior year due primarily to principal payments made totaling $3,790,716 during the fiscal year.

Ellis County's bond rating is "AA" rating from Fitch and an "Aa1" rating from Moody's.

Additional information on Ellis County's long-term debt can be found in note III F of this report.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES

The information presented in this year's budget is intended as a guide and financial plan for moving forward into the next year. The County presented a balanced budget that allowed the total rate to decrease from the fiscal year 2023. The budget does continue to provide the same service to all the citizens and all funds are balanced with revenues meeting expenditures. Revenue estimates and expenses are conservative and consistent with established policies. The prudent fiscal management has resulted in solid reserve levels.

BOND RATING

The County bond rating provides more evidence of its financial strength. In November 2018, Moody's upgraded The County to Aa1. The rating reflected the County's large and growing tax base, health and growing reserves due to a history of operating surpluses and prudent financial practices, and modest debt and pension burdens. The rating also considers the County's favorable employment metric and above average residential concentration. Fitch reaffirmed the County's AA rating in October 2016. Their rating reflects the county's prudent financial management practices that preserve flexibility, and strong economic and revenue growth prospects in the county.

Operating Reserves

Another measure of the County's financial strength is the level of its fund balance or operating reserves. Operating reserves are maintained by counties to ensure services can be delivered during economic downturns, to address unforeseen expenditures in the case of an emergency or other event, and to take advantage of opportunities that may materialize outside of the budget processes. It is important to maintain operating cash reserves so that services delivery will not be negatively impacted if the economy takes a downturn as 80% of revenue is generated by property tax in the general fund. The Ellis County Commissioners' Court has passed a policy to set the target level of unassigned general fund balance at 90 days of the budgeted general fund expenditures, considering the annual budget, as amended, for any fiscal year. When non-recurring excess unassigned fund balance becomes available, it may be utilized for one-time, expenditures such as purchases of real estate or capital assets; however, it cannot be used to justify increased overhead levels of future maintenance and operating costs. For the end of the fiscal year 2022, the fund balance was $38,164,025 or 69.34% of adopted general fund expenditure budgets, and for the end of fiscal year 2022 the fund balance was $39,723,680 or 60.00% of adopted general fund expenditure budgets. For the fiscal year 2022 and 2023, the County exceeded the policy.

Economic

Ellis County is geographically located in the southern part of the Dallas-Fort Worth Metroplex and is positioned for growth with four major transportation corridors. Economically the growth has seen a 17.16% increase in assessed values over the prior year. The assessed value increased from $27,813,819,299 to $33,034,865,202. The County previously maintained the same tax rate of 0.413599 for 6 years, but with the rising economic growth, they were able to lower the rate to .360533 for the fiscal year 2020. Fiscal year 2021 saw another decrease in the tax rate by .010257 bringing the rate to .350276 per $100 of property value. Fiscal year 2022 brought further lowering of the tax rate to .339338 and again in 2023. Ellis County presented its constituents with a 0.0435 cent reduction in the tax rate, bringing it to the lowest tax rate in 10 years, at .295867. The County has a firm commitment to providing exceptional service with minimal increase to the tax rate. The portion of the tax rate contributed to debt service is 0.013201.

The portion committed to farm to market is .022866. Estimated revenues and expenditures for the fiscal year 2023 are $90,838,948 for the General Fund. Property taxes account for 92.4% of the general fund revenue budget. Favorable revenue trends have been aided by steady tax base gains.

The overall direct debt burden from the County is low, while overlapping debt is high. The high overlapping debt results primarily from significant school district related debt, due in part to aggressive population growth in prior years. County management has no near-term debt plans. Assisted by "pay as you go" capital spending, the county's capital needs appear manageable.

Unfunded/underfunded mandates imposed by both the State of Texas and the United States continue to be borne on the backs of local taxpayers including programs such as indigent health care, juvenile probation, legal representation for indigent defendants, meeting standards imposed by the Texas Jail Commission, and increases in the cost of health insurance due to ramifications of the Affordable Care Act.

Staffing

The County currently supports 610 full-time positions and 37 part-time positions. The County believes it is important to be able to recruit and retain valuable staff by ensuring competitive compensation rates. An 8% increase was included in the 2023 Budget for most staff.

Benefits

The County provides pension benefits for all eligible employees through TCDRS. Contribution rates have increased from 11.0 to 11.93% in the 2024 budget year. The employee contribution rate is 7%. All of these factors were considered in preparing Ellis County's budget for the 2024 fiscal year. These goals serve as a guide to future budgets. The County commits to maintaining the same or lower tax rate for its citizens without cutting services.

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

FOR THE YEAR ENDED SEPTEMBER 30, 2023

Net change in fund balances - governmental funds balance sheet		$ 13,902,575
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report outlays for capital assets as expenditures because such outlays use current financial resources. In contrast, the Statement of Activities reports only a portion of the outlay as expense. The outlay is allocated over the assets' estimated useful lives as depreciation expense for the period.		
Additions of capital assets	4,530,399	
Depreciation	(5,241,797)	
Governmental funds do not present revenues that are not available to pay current obligations. In contrast, such revenues are reported in the Statement of Activities when earned.		
Property taxes	687,949	
Court fines	1,026,559	
Governmental funds report debt proceeds as current financial resources. In contrast, the Statement of Activities treats such issuance of debt as a liability. Governmental funds report repayment of debt principal as an expenditure. In contrast, the Statement of Activities treats such repayments as a reduction in long-term liabilities.		
Issuance of leases	(483,290)	
Principal repayment	4,057,936	
Amortization of premiums and deferred loss on refunding	164,389	
Some expenses reported in the Statement of Activities do not require the use of current financial resources and these are not reported as expenditures in the governmental funds:		
Accrued interest	154,666	
Pension expense	665,495	
Other postemployment benefits expense	(198,389)

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

Ellis County is a political subdivision of the State of Texas. The County provides a full range of services authorized by statute. Such services include general governmental services such as recording and licensing, maintaining the County and district court systems, maintaining public facilities, ensuring public safety, maintaining public health and welfare, aiding conservation, and maintaining County roads and bridges. As required by generally accepted accounting principles, these financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are in substance part of the government's operations and so data from those units are combined with data of the primary government. Each discretely presented component unit, on the other hand, is reported in a separate column in the combined financial statements to emphasize it is legally separate from the government. Ellis County does not have any blended component units. The Commissioners' Court, consisting of four Commissioners and the County Judge, all elected by the voters of Ellis County, is the policy-making body of the County, which operates under provisions of state statutes.

Discretely Presented Component Unit: The Ellis County Rural Rail Transportation District (the District) was created by the Commissioners' Court of Ellis County in 1998 to promote development, financing, maintenance and operations of new and existing rail systems in Ellis County. The District is a public body and exists pursuant to Tex. Rev. Civ. Stat. Ann Art. 6550C, as amended. Principal offices of the District are located at 101 W. Main Street, Waxahachie, Texas 75165. Responsibility for the management, control, and operations of the District is vested in a five-member board appointed by the Ellis County Commissioner's Court at will. The District is considered to be a component unit of Ellis County. There are separately issued financial statements for the District. The reports may be obtained at the request of Ellis County management.

B. Basis of Presentation

While separate government-wide and fund financial statements are presented, they are interrelated. The governmental activities column incorporates data from governmental funds and internal service funds, while business- type activities incorporate data from the County's enterprise funds. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. The County does not have any business- type activities or internal service funds.

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non- fiduciary activities of the primary government. Governmental activities, which normally are supported by taxes, intergovernmental revenue, fines and fees are reported separately from business- type activities, which rely primarily on fees and charges from services provided for support. As previously mentioned, Ellis County has no business- type activities.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenue. Direct expenses are those that are clearly identifiable with a specific function or segment. Certain indirect costs have been included as part of the program expenses reported for the various functional activities. Program revenue includes 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenue are reported instead as general revenue. The fund financial statements provide information about the County's funds. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. All remaining governmental funds are aggregated and reported as nonmajor funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. The County has no proprietary funds at this time. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available when it is collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenue to be available if collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is due.

Property taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenue of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the County.

The County reports the following major governmental funds:

The ***General Fund*** is the primary operating fund to the County. All general tax revenues and other receipts that are not allocated by law, by budget, or by contractual agreement to some other fund are accounted for in this fund. General operating expenditures and capital improvement costs that are not paid through other funds are paid from the General Fund.

The ***ARPA Grant Fund*** is used for the receipt and expenditure of funds received under the American Rescue Plan Act.

The ***Local Provider Participation Fund*** accounts for mandatory payments authorized under Texas Health and Safety Code Chapter 296A. These mandatory payments from institutional healthcare providers are used to fund the nonfederal share of Medicaid supplemental payment program payments.

Additionally, the government reports the following fund types:

Governmental Funds:

The ***Special Revenue Funds*** are used to account for the proceeds of specific revenue sources (other than expendable trusts or major capital projects) that are restricted to expenditures for specific purposes. Included as a Special Revenue Fund is the Road and Bridge Funds which accounts for revenues and expenditures specifically designated for the maintenance and construction of County roads and bridges.

The ***Debt Service Fund*** is used to account the accumulation of resources for, and payment of interest and principal on, the County's general long- term bonded debt.

The ***Capital Projects Fund*** is used to account for all resources used in the acquisition and construction of major capital facilities other than road and bridge maintenance and construction.

Fiduciary fund:

Custodial Funds account for assets held by the County in a custodial capacity. The Funds are reported using the economic resources measurement focus and the accrual basis of accounting, as are proprietary funds and government-wide financial statements.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments between various functions of the government. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenue includes all taxes.

When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first and then unrestricted resources as they are needed.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources and Net Position or Equity

1. Deposits and Investments

Investments for the County are reported at fair value, except for the position in investment pools. The County's investment in pools are reported at the net asset value per share (which approximates fair value) even though it is calculated using the amortized cost method.

The County maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the combined financial statements as cash and investments. The County's cash and investments are considered as cash equivalents as they can be readily converted to cash at their carrying value.

2. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (i.e., the current portion of inter- fund loans) or "advances to/from other funds" (i.e., the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

All property tax receivables are shown net of an allowance for uncollectible accounts. The property tax receivable allowance is estimated by a historical analysis of the collectability of property taxes.

3. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure (e.g. roads, bridges, sidewalks, and similar items), are reported in the governmental column in the government-wide financial statements. The County defines capital assets as assets with an initial, individual cost of more than $5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value, which is the price that would be paid to acquire an asset with equivalent service potential at the acquisition date.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Property, plant, and equipment are depreciated using the straight- line method over the following useful lives:

Assets	Years
Buildings	20 - 50
Improvements	20 - 50
Equipment	5 - 20
Infrastructure (streets and drainage)	35 - 50
Right-to-use equipment	1 - 5

4. Compensated Absences

It is the government's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. All vacation pay is accrued when incurred in the government-wide financial statements. The general fund typically has been used in prior years to liquidate the liability for compensated absences.

5. Pensions

For purposes of measuring the net pension liability, pension- related deferred outflows and inflows of resources, and pension expense, County- specific information about its Fiduciary Net Position in the Texas County and District Retirement System (TCDRS) and additions to/deductions from the County's Fiduciary Net Position have been determined on the same basis as they are reported by TCDRS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. Information regarding the County's Total Pension Liability is obtained from TCDRS through a report prepared for the County by the TCDRS consulting actuary.

6. Postemployment Benefits Other than Pensions (OPEB)

Retiree Health Insurance. For purposes of measuring the total OPEB liability, OPEB related deferred outflows and inflows of resources, and OPEB expense, benefit payments, and refunds are recognized when due and payable in accordance with the benefit terms. Contributions are not required but are measured as payments by the County for benefits due and payable that are not reimbursed by plan assets. Information regarding the County's total OPEB liability is obtained from a report prepared by a consulting actuary, Gabriel Roeder Smith & Company.

7. Bonds Payable

In the government-wide financial statements, bonds payable are reported as noncurrent liabilities in the statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight- line method. Bonds payable are reported net of the applicable bond premium or discount. The government has no business-type activities.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses.

9. Leases & Subscriptions

The County is a participant in noncancellable lease of equipment and subscription-based IT arrangements (SBITAs). The County recognizes liabilities and intangible right-to-use assets (assets) in the government-wide financial statements.

At the commencement of a lease or SBITA, the County initially measures a liability at the present value of payments expected to be made during the term of the agreement. Subsequently, the liability is reduced by the principal portion of payments made. The asset is initially measured as the initial amount of the liability, adjusted for payments made at or before the agreement's commencement date, plus certain initial direct costs. Subsequently, the asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases and SBITAs include how the County determines (1) the discount rate it uses to discount the expected payments to present value, (2) agreement term, and (3) agreed-upon payments.

- The County uses the interest rate charged by the vendor as the discount rate. When the interest rate charged by the vendor is not provided, the County generally uses its estimated incremental borrowing rate as the discount rate.

- The agreement term includes the noncancellable period of the lease or SBITA.

- The payments included in the measurement of the liability are composed of fixed payments and purchase option price that the County is reasonably certain to exercise.

The County monitors changes in circumstances that would require a remeasurement of its leases and SBITAs and will remeasure the assets and liabilities if certain changes occur that are expected to significantly affect the amount of the liabilities.

Lease and SBITA assets are reported with other capital assets and the liabilities are reported with long term debt on the statement of net position.

10. Deferred outflows/inflows of resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County has the following items that qualify for reporting in this category:

- Deferred charges on refunding bonds - A deferred charge on refunding results from the difference in carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

- Pension and OPEB contributions after measurement date - These contributions are deferred and recognized in the following fiscal year.

- Difference in expected and actual pension and OPEB experience - This difference is deferred and recognized over the estimated average remaining lives of all members determined as of the measurement date.

In addition to liabilities, the statement of financial position and/or balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

The County has the following types of items that qualify for reporting in this category.

- Unavailable revenue is reported only in the governmental funds balance sheet. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.

- Difference in projected and actual earnings on pension assets - This difference is deferred and amortized over a closed five-year period.

- Difference in expected and actual pension and OPEB experience - This difference is deferred and recognized over the estimated average remaining lives of all members determined as of the measurement date.

11. Net Position Flow Assumption

Sometimes the County will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted - net position and unrestricted - net position in the government-wide and proprietary fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted - net position to have been depleted before unrestricted - net position is applied.

12. Fund Balance Flow Assumption

Sometimes the County will fund outlays for a particular purpose from both restricted and unrestricted resources (the total of committed, assigned, and unassigned fund balance). In order to calculate the amounts to report as restricted, committed, assigned, and unassigned fund balance in the governmental fund financial statements a flow assumption must be made about the order in which the resources are considered to be applied. It is the County's policy to consider restricted fund balance to have been depleted before using any of the components of unrestricted fund balance. Further, when the components of unrestricted fund balance can be used for the same purpose, committed fund balance is depleted first, followed by assigned fund balance. Unassigned fund balance is applied last.

13. Fund Balance Policies

Fund balance of governmental funds is reported in various categories based on the nature of any limitations requiring the use of resources for specific purposes. The County itself can establish limitations on the use of resources through either a commitment (committed fund balance) or an assignment (assigned fund balance).

The Ellis County Commissioners' Court passed a policy to set the target level of unassigned General Fund Balance at 90 days of budgeted General Fund expenditures for any given fiscal year. When excess Unassigned Fund Balance becomes available, it may be utilized for one-time, non-recurring expenditures such as purchases of real estate, right of way, permanent improvement needs, or capital assets; however, it cannot be used to justify increased overhead levels of future maintenance and operating costs. The primary mechanisms for keeping the fund balance target level are a) controlling Ellis County expenditures, b) setting proper tax rates or other methods of funding.

The committed fund balance classification includes amounts that can be used only for the specific purposes determined by formal action of the County's highest level of decision-making authority. The Commissioner's Court (Commissioners) is the highest level of decision-making authority for the County that can, by the adoption of a minute order prior to the end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the minute order remains in place until a similar action is taken (the adoption of another minute order) to remove or revise the limitation.

Amounts in the assigned fund balance classification are intended to be used by the County for specific purposes but do not meet the criteria to be classified as committed. The Commissioners' Court has by resolution authorized the County Auditor to assign fund balance. The Commissioners' Court may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year's appropriated budget. Unlike commitments, assignments generally only exist temporarily. In other words, an additional action does not normally have to be taken for the removal of an assignment. Conversely, as discussed above, additional action is essential to either remove or revise a commitment.

14. Insurance

The County maintains third-party insurance coverage for general liability, property, automobile liability, public official liability, and worker's compensation. The County also provides group health insurance coverage for full- time employees. There was no significant change in coverage from the prior year. Settlements have not exceeded insurance coverage for any of the past five fiscal years.

15. Change in Accounting Principle

GASB Statement No. 96, *Subscription-based IT Arrangements*, was adopted effective October 1, 2022. The statement addresses accounting and financial reporting for subscription agreements. Statement No. 96 establishes standards for recognizing and measuring assets, liabilities, deferred outflows of resources, deferred inflows of resources, and revenues and expenses related to subscription-based IT arrangements in the basic financial statements, in addition to requiring more extensive note disclosures. The adoption of this standard did not result in a restatement of the beginning fund balance or net position, but assets and liabilities were recognized, and more extensive note disclosures were required.

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

Annual budgets, as required by state statute, are adopted on a basis consistent with generally accepted accounting principles for all governmental funds, except the Fiduciary Funds. All annual appropriations lapse at year-end.

The government's department heads may make transfers of appropriations within a department. Transfers of appropriation between departments require the approval of the governing council. The legal level of control is exercised at the department level. State law provides that amendments approved by the Commissioners' Court may be made to the original budget provided that funds are available for the added disbursements. The original approved budget is issued in a separate report. Reported budgeted amounts reflect the budget as originally adopted and all budget amendments approved by the Commissioners' Court.

III. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

The Public Funds Investment Act (Government Code Chapter 2256) contains specific provisions in the areas of investment practices, management reports, and establishment of appropriate policies. Among other things, it requires the County to adopt, implement, and publicize an investment policy. That policy must address the following areas: (1) safety of principal and liquidity, (2) portfolio diversification, (3) allowable investments, (4) acceptable risk levels, (5) expected rates of return, (6) maximum allowable stated maturity of portfolio investments, (7) maximum average dollar-weighted maturity allowed based on the stated maturity date for the portfolio, (8) investment staff quality and capabilities, and (9) bid solicitation preferences for certificates of deposit. Statutes authorize the County to invest in (1) obligations of the U. S. Treasury, certain U. S. Agencies, and the State of Texas; (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) bankers' acceptances, (7) mutual funds, (8) investment pools, (9) guaranteed investment contracts, and (10) common trust funds. The Act also requires the County to have independent auditors perform test procedures related to investment practices as provided by the Act. The County is in substantial compliance with the requirements of the Act and with local policies.

The County participates in five Local Government Investment Pools: TexPool, TexSTAR, Lone Star, Texas Class and Texas Range. The State Comptroller oversees TexPool, with a third party managing the daily operations of the pool under contract. Although there is no regulatory oversight over TexSTAR, a Board, consisting of three directors representing participants, one from a management service providing investment services and one from a company providing participant service and marketing to the Board, maintains oversight responsibility. Lone Star, Texas Class, and Texas Term are overseen by a Governing Board consisting of individuals elected from participating government entities in the pool.

The County invests in all five pools to provide its primary liquidity needs. All are local government investment pools established in conformity with the Inter- local Cooperation Act, Chapter 791 of the Public Funds Investment Act, Chapter 2256 of the Code. These pools are a conglomeration of local governments investing in investments approved by the Public Funds Investment Act. Such funds allow shareholders the ability to deposit or withdraw funds on a daily basis. Interest rates are adjusted daily.

Regulatory oversight for the operations of this external investment pool is found in the Public Funds Investment Act of the State of Texas. Required oversight for pools includes compliance with investment guidelines, annual independent audits, and the establishment of oversight boards.

In compliance with the Public Funds Investment Act, the County has adopted a deposit and investment policy. That policy does address the following risks:

Interest Rate Risk: In accordance with the County's investment policy, the County manages its exposure to declines in fair values by limiting the maximum allowable stated maturity of any individual investment to two years and the weighted average maturity of its pooled investments to 90 days or less, dependent on market conditions.

Custodial Credit Risk: In the case of deposits, this is the risk that in the event of a bank failure, the County's deposits may not be returned to it. State statutes require that all deposits in financial institutions be fully collateralized by U.S. Government obligations or its agencies and instrumentalities or direct obligations of Texas or its agencies and instrumentalities that have a fair value of not less than the principal amount of deposits. As of September 30, 2023, all of the County's $1,674,724 deposit balance was covered by FDIC insurance or collateralized with securities held by the pledging financial institution.

Credit Risk: It is the County's policy to limit investments to investment types with an investment quality rating no lower than AAA or AAA-m or an equivalent rating by at least one nationally recognized rating service or no lower than investment grade by at least one nationally recognized rating service with a weighted average maturity no greater than 90 days.

Concentration of Credit Risk: The government's investment policy requires the County to diversify its portfolio to minimize the risk of loss resulting from over concentration of assets in a specific maturity, a specific issuer, or a specific class of investments.

Under provisions of state and local statutes, the County's investment policies, and provisions of the County's depository contracts with an area financial institution, the County is authorized to place available deposits and investments in the following:

1. Obligations of the U. S., its agencies and instrumentalities;

2. Certificates of Deposit issued by state and national banks or savings or loan associations domiciled in this state that are guaranteed or insured by the Federal Deposit Insurance Corporation or collateralized in accordance with Section 2256.09, the Texas Government Code;

3. Commercial paper that has a maturity of 270 days or less and is rated at least an A-1 or P-1 or an equivalent rating by at least two nationally recognized credit rating agencies or one nationally recognized credit rating and is fully secured by an irrevocable letter of credit issued by a bank organized and existing under the laws of the United States or any state;

4. No-load money market mutual funds; and

5. TexPool, Lone Star Investment Pool, TexStar, Investors Cash Trust and Texas Class.

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. Accounting standards provide a framework for measuring fair value which establishes a three-level fair value hierarchy that describes the inputs that are used to measure assets and liabilities.

- Level 1 inputs are quoted prices (unadjusted) for identical assets or liabilities in active markets that a government can access at the measurement date.

- Level 2 inputs are inputs—other than quoted prices included within Level 1—that are observable for an asset or liability, either directly or indirectly.

- Level 3 inputs are unobservable inputs for an asset or liability.

The fair value hierarchy gives the highest priority to Level 1 inputs and the lowest priority to Level 3 inputs. If a price for an identical asset or liability is not observable, a government should measure fair value using another valuation technique that maximizes the use of relevant observable inputs and minimizes the use of unobservable inputs. If the fair value of an asset or a liability is measured using inputs from more than one level of the fair value hierarchy, the measurement is considered to be based on the lowest priority level input that is significant to the entire measurement.

All of the County's fair value investments are valued at level 2 and by present value of expected future cash flow model.

As of September 30, 2023, the County had cash and investment balances and credit rating and weighted average maturity of such investments as follows:

General Obligation Bonds

General Obligation Refunding Bonds are direct obligations of the County with the County's full faith and credit pledged towards payments of those obligations. Principal and interest payments on the County's bonded debt are secured solely by ad valorem taxes levied on all taxable property within the County. Bond premiums and deferred losses on refunding bonds are amortized using the effective interest method.

The County has one General Obligation Refunding bond, dated October 25, 2016, due in annual installments through February 2032, bearing interest at rates of 2% to 5%. Interest expense for the year was $1,037,262.

G. RISK MANAGEMENT AND CONTINGENT LIABILITIES

Ellis County is exposed to various risks of loss relating to general liability, the accidental loss of real and personal property, damage to County assets, errors and omissions, and personnel risks that relate to workers' compensation. The County carries commercial insurance in order to manage the above-listed risks. Amounts of coverage for the above types of risk have not been subject to a significant reduction in the past year. The amounts of settlements have not exceeded insurance coverage in the past three years.

Health Care Coverage

During the year ended September 30, 2023, employees of the County were covered by a health insurance plan (the "Plan"). The County contributed all but $40 of the monthly premium for each employee of the Plan. Employees, at their option, authorized payroll withholdings to pay contributions for dependents. All contributions were paid to a Preferred Provider Organization. The Plan was authorized by Article 3.51-2, Texas Insurance Code, and was documented by contractual agreement. The contract between the County and the licensed insurer is renewable, and terms of coverage and contribution costs are included in the contractual provisions.

Litigation

Various claims and lawsuits are pending against the County. The evaluation of County management is that any liability to the County relating to such claims and lawsuits will not have a material impact on the County's financial position. Historically, the County has not incurred significant losses from claims or lawsuits which arise during the ordinary course of business.

Grants

The County has received Federal and State financial assistance in the form of grants and entitlements that are subject to review and audit by the grantor agencies. Such audits could result in requests for reimbursement by the grantor agencies for expenditures disallowed under terms and conditions specified in the grant agreements. In the opinion of County management such disallowance, if any, will not be significant to the County's financial position.

H. DEFINED BENEFITS PENSION PLAN

The County participates in a defined benefit pension plan in the statewide Texas County and District Retirement System ("TCDRS"). The Board of Trustees of TCDRS is responsible for the administration of the statewide agent, multiple- employer, public employee retirement system consisting of nontraditional defined benefit pension plans. TCDRS issues a publicly available annual comprehensive financial report (ACFR) that can be obtained at www.tcdrs.org.

All full and part- time non- temporary employees participate in the plan, regardless of the number of hours they work in a year. Employees in temporary positions are not eligible for membership.

Benefits Provided

TCDRS provides retirement, disability and survivor benefits for all eligible employees. Benefit terms are established by the TCDRS Act. The benefit terms may be amended as of January 1, each year, but must remain in conformity with the Act.

Members can retire at age 60 and above with 8 or more years of service, with 20 years of service regardless of age, or when the sum of their age and years of service equals 75 or more.

Members are vested after eight years of service but must leave their accumulated contributions in the plan to receive any employer- financed benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by their employer.

Benefit amounts are determined by the sum of the employee's contributions to the plan, with interest, and employer- financed monetary credits. The level of these monetary credits is adopted by the governing body of the employer within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the employer's commitment to contribute. By law, employee accounts earn 7% interest. At retirement, death or disability, the benefit is calculated by converting the sum of the employee's accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

Employees Covered by Benefit Terms

At the December 31, 2022 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	359
Inactive employees entitled to but not yet receiving benefits	567
Active employees	584
Total	1,510

Contributions

The contribution rates for employees in TCDRS are either 4%, 5%, 6%, or 7% of employee gross earnings, as adopted by the employer's governing body. Participating employers are required to contribute at actuarially determined rates to ensure adequate funding for each employer's plan. Under the state law governing TCDRS, the contribution rate for each entity is determined annually by the actuary and approved by the TCDRS Board of Trustees. The replacement life entry age actuarial cost method is used in determining the contribution rate. The actuarially determined rate is the estimated amount necessary to fund benefits in an orderly manner for each participant over his or her career so that sufficient funds are accumulated by the time benefit payments begin, with an additional amount to finance any unfunded accrued liability.

Employees for the County were required to contribute 7% of their annual gross earnings during the fiscal year. The contribution rates for the County were 11.90% and 11.19% in calendar years 2022 and 2023, respectively. The County's contributions to TCDRS for the year ended September 30, 2023 were $5,102,110 and were equal to the required contributions.

Net Pension Liability

The County's Net Pension Liability (NPL) was measured as of December 31, 2022, and the Total Pension Liability (TPL) used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial *Assumptions*

The Total Pension Liability in the December 31, 2022 actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.50% per year
Overall payroll growth	3.0% per year
Investment rate of return	7.50% , net of investment expenses, including inflation

Mortality rates for active members, retirees, and beneficiaries were based on the following:

Depositing members	135% of Pub-2010 General Employees Amount-Weighted Mortality Table for males and 120% Pub-2010 General Employees Amount-Weighted Mortality Table for females, both projected with 100% of the MP-2021 Ultimate scale after 2010.
Service retirees, beneficiaries and non-depositing members	135% of Pub-2010 General Retirees Amount-Weighted Mortality Table for males and 120% Pub-2010 General Retirees Amount-Weighted Mortality Table for females, both projected with 100% of the MP-2021 Ultimate scale after 2010.
Disabled retirees	160% of Pub-2010 General Disabled Retirees Amount-Weighted Mortality Table for males and 125% Pub-2010 General Disabled Retirees Amount-Weighted Mortality Table for females, both projected with 100% of the MP-2021 Ultimate scale after 2010

All actuarial assumptions that determined the total pension liability as of December 31, 202 were based on the results of an actuarial experience study over the years 2017 - 2021, except where required to be different by GASB 68. The economic assumptions were reviewed at the March 2021 TCDRS Board of Trustees meeting and revised assumptions were adopted. The assumptions are reviewed annually for continued compliance with the relevant standards of practice.

The long- term expected rate of return on pension plan investments is 7.6%. The pension plan's policy in regard to the allocation of invested assets is established and may be amended by the TCDRS Board of Trustees.

The long- term expected rate of return on TCDRS is determined by adding inflation to expected long-term real returns and reflecting expected volatility and correlation. The capital market assumptions and information below is based on January 2022 information for a 10-year time horizon. The TCDRS Board of Trustees adopted the current assumption at their March 2021 meeting. The assumption for long- term expected return is reviewed annually for continued compliance with the relevant actuarial standards of practice. Milliman relies on the expertise of Cliffwater in this assessment.

Discount *Rate*

The discount rate used to measure the Total Pension Liability was 7.60%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in the statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long- term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

I. OTHER POST-EMPLOYMENT BENEFITS (OPEB)

Plan Description

The County offers its retired employees health insurance benefits through a single-employer defined benefits OPEB plan, under County policy. This plan is administered by the County and it has the authority establish and amend the benefit terms and financing arraignments. No assets are accumulated in a trust that meets the criteria in paragraph 4 of GASB Statements No. 75.

Benefits and Contributions

Under the existing plan, the County will provide subsidized medical and dental insurance benefits if they meet certain conditions and elect to participate. The following conditions must be met:

- Must be drawing a monthly annuity from the Texas County & District Retirement System and have retired directly from active employment with Ellis County.
- Can continue medical and dental benefits that were in effect on date of retirement.
- No open enrollment opportunity (can drop coverage at any time, but cannot add).
- Beneficiary can continue enrollment in the plan as longs as the participant is drawing a monthly annuity.

Retirement under TCDRS is the attainment of 20 years of service, any age with 20 years of service, or 8 years of service and age 60. Employees retiring early under retirement conditions or who terminate employment are not eligible for retiree health benefits. Survivors of employees who die while actively employed are not eligible for retiree health care benefits. Employees who retire under a disability retirement must meet the eligibility requirements stated above to be eligible for health care benefits. Spouses and the dependents of retired employees are eligible to continue health care, dental and vision benefits, or Medicare Supplement with payment of 100% of premiums, until the death of the retiree. Upon the death of the retiree, all benefits cease. Retirees are required to enroll in the Medicare, once eligible. Retirees who decide to opt out of the health care plan are not eligible to opt back.

Retirees are responsible for the payment of premiums for any dependent coverage, and the County pays the retirees premiums. The County's contributions to the OPEB for the fiscal year ended September 30, 2023, were $464,581, which equal benefit payments for retirees.

The number of employees currently covered by the benefit terms is as follows:

Inactive employees or beneficiaries currently receiving benefits	40
Active members	423
Total	463

Actuarial Methods and Assumptions

Significant methods and assumptions were as follows:

Actuarial Valuation Date	December 31, 2021
Actuarial Cost Method	Individual Entry-Age Normal
Discount rate	4.05% as of December 31, 2022
Inflation Rate	2.50%
Salary Increases	.40% to 5.25%, not including wage inflation of 3.00%
Demographic Assumptions	Based on the experience study covering the four-year period ending December 31, 2020 as conducted for the Texas County and District Retirement System (TCDRS)
Mortality	For healthy retirees, the Pub-2010 General Retirees Tables for males and females are used with male rates multiplied by 135% and female rates multiplied by 120%. Those rates are projected on a fully generational basis based on 100% of the ultimate rates of mortality improvement scale MP-2021.
Health care cost trend rates	Medical and Drug: Initial rate of 7.00% declining to an ultimate rate of 4.15% after 13 years. Medicare Supplement: Initial rate of 5.30% declining to an ultimate rate of 4.15% after 12 years.
Participation rates	45% for employees who retire prior to the attainment of age of 65; 30% for employee who are at least 65 years old at retirement; 33% of pre-65 retirees with health coverage are assumed to discontinue their coverage at age 65.
Notes:	The discount rate changed from 2.00% as of December 31, 2020 to 1.84% as of December 31, 2021. The demographic and salary increase assumptions were updated to reflect the 2021 TCDRS experience study and the methodology for determining service cost was updated to accrue the benefit over each employee's service with Ellis County. Additionally, updates were made to reflect requiring members to enroll in Medicare once eligible, and to change the Medicare benefit offering from continuing on the County's plan over to a choice of Medicare Supplements.

Projections of health benefits are based on the plan as understood by the County and include the types of benefits in force at the valuation date and the pattern of sharing benefit costs between the County and its employees to that point. Actuarial calculations reflect a long- term perspective and employ methods and assumptions that are designed to reduce short- term volatility in actuarial accrued liabilities and the actuarial value of assets.

For plans that do not have formal assets, the discount rate should equal the tax-exempt municipal bond rate based on an index of 20-year general obligation bonds with an average AA credit rating as of the measurement date. For the purpose of this valuation, the municipal bond rate is 1.84% (based on the daily rate closest to but not later than the measurement date of the Fidelity "20-Year Municipal GO AA Index").

J. TAX ABATEMENTS

The County has entered into property abatement agreements with local businesses under Texas Local Government Code, Section 501.159. Under the Code, local governments may grant property tax abatements.

The County is under no obligation to provide tax abatement to any specific applicant and reserves the right to do so on a case-by-case basis as stimulation for economic development within the Reinvestment Zones and Enterprise Zones established by the County. Abatements may be granted to any business located within or promising to relocate to the service area of the County.

For the fiscal year ended September 30, 2023, the County abated taxes totaling $16,186,191 under this program, including the following tax abatement agreement exceeded 10 percent of the total amount abated:

Sharka LLC.

Terms of abatement: 85% of added value improvements and 100% of added value of eligible personal property of exemption from ad valorem taxes for ten (10) years.

Beginning net position in the government-wide financial statements was restated by $1,109,639. The restatement was caused by the recognition of liabilities associated with Tax Increment Reinvestment Zone payments owed to other entities that were not previously recorded.

L. SIGNIFICANT FORTHCOMING PROUNCEMENTS

The County has considered the following GASB statements effective in fiscal years 2024 and beyond are listed as follows:

The Government Accounting Standards Board (GASB) has amended the existing standards regarding capitalization thresholds for assets. The amended guidance for the capitalization threshold comes from GASB Implementation Guide 2021-1, Question 5.1. Capitalization policies adopted by governments include many considerations such as finding an appropriate balance between ensuring that all significant capital assets, collectively, are capitalized and minimizing the cost of recordkeeping for capital assets. A government should capitalize assets whose individual acquisition costs are less than the threshold for an individual asset if those assets in the aggregate are significant. Computers, classroom furniture and library books are examples of asset types that may not meet a capitalization policy on an individual basis yet could be significantly collectively.

In this example, if the $150,000 aggregate amount (100 computers costing $1,500 each) is significant, the government should capitalize the computers. The amended guidance is effective for reporting periods beginning after June 15, 2023, and the impact has not yet been determined.

GASB Statement No. 99, *Omnibus 2022* **–** The objective of this Statement is to correct practice issues identified during implementation and application of certain GASB Statements and financial reporting for financial guarantees. There are various effective dates 1.) upon issuance 2.) fiscal years beginning after June 15, 2022 and 3.) fiscal years beginning after June 15, 2023.

GASB Statement No. 100, *Accounting Changes and Error Corrections—an amendment of GASB Statement No. 62* **–** The primary objective of this Statement is to enhance accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. This Statement will become effective for reporting periods beginning after June 15, 2023, and the impact has not yet been determined.

GASB Statement No. 101, *Compensated Absences* **–** The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. This Statement will become effective for reporting periods beginning after December 15, 2023, and the impact has not yet been determined.

A. BUDGETARY INFORMATION

The County follows these procedures in establishing the budgetary data reflected in the financial report:

1. Public workshops are held where department heads present their budget to members of the Commissioners' Court.

2. The County Judge evaluates the requests and considers the feedback of the Commissioners' Court over the next several weeks.

3. The County Auditor projects the revenues of the County for the next fiscal year.

4. The County Judge, assisted by the County Auditor, prepares a proposed budget to file with the County Clerk a minimum of seven days before a scheduled public hearing on the budget.

5. A public hearing is conducted to obtain taxpayer feedback as well as to receive feedback from the Commissioners' Court.

6. If no changes are warranted in the proposed budget, the budget is then legally enacted by the Commissioners' Court on or before September 30, in the timeframe required by statute.

After the adoption of the budget, the government's department heads may make transfers of appropriations within a department. Transfers of appropriations between departments require the approval of the Commissioners' Court. The legal level of control is exercised at the department level for the General Fund and functional level for all other funds. Most governmental funds have legally adopted budgets. State law provides that amendments approved by the Commissioners' Court may be made to the original budget provided that funds are available for the added disbursements. Reported budgeted amounts reflect the budget as originally adopted and all subsequent transfers and amendments. For internal management purposes, the budgets are detailed by line item and entered into the accounting records. Comparisons of actual expenditures to budget are made on an ongoing basis. Budgets are adopted on a basis consistent with generally accepted accounting principles. Budget appropriations lapse at year end. All encumbrances lapse at year end.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Honorable County Judge
and Commissioners Court
Ellis County, Texas

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the aggregate discretely presented component unit, each major fund, and the aggregate remaining fund information of Ellis County, Texas as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise Ellis County, Texas' basic financial statements, and have issued our report thereon dated March 27, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Ellis County, Texas' internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Ellis County, Texas' internal control. Accordingly, we do not express an opinion on the effectiveness of Ellis County, Texas' internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified certain deficiencies in internal control, described in the accompanying Schedule of Findings and Responses as items 2023-001 that we consider to be a material weakness.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Ellis County, Texas' financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards.*

Ellis County, Texas' Response to Findings

Government Auditing Standards requires the auditor to perform limited procedures on the County's response to the findings identified in our audit and described in the accompanying schedule of findings and questioned costs. The County's response was not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the response.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Ellis County, Texas' internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE UNIFORM GUIDANCE

Honorable County Judge and
Commissioners Court
Ellis County, Texas

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Ellis County, Texas' compliance with the types of compliance requirements identified as subject to audit in the (OMB) *Compliance Supplement* that could have a direct and material effect on each of Ellis County, Texas major federal programs for the year ended September 30, 2023. Ellis County, Texas major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, Ellis County, Texas complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Ellis County, Texas and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Ellis County, Texas compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Ellis County, Texas federal programs.

AICPA GAQC Member

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Ellis County, Texas compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Ellis County, Texas compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Ellis County, Texas compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Ellis County, Texas internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Ellis County, Texas internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of Ellis County, Texas as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise Ellis County, Texas basic financial statements. We issued our report thereon, dated March 27, 2023, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements and certain additional procedures including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

SUMMARY SCHEDULE OF AUDIT FINDINGS

FOR THE YEAR ENDED SEPTEMBER 30, 2023

Finding 2023-001 - Material Weakness

Criteria

Management is responsible for establishing and maintaining an effective system of internal control over financial reporting. This system ensures the accuracy, completeness, and reliability of the financial statements.

Condition

Material liabilities for amounts owed to Tax Increment Reinvestment Zones (TIRZ) were not recorded on the general ledger.

Effect

Liabilities in the General Fund and nonmajor governmental funds were understated by $1,001,863 and $107,776, respectively.

Recommendation

Management should promptly record material outstanding liabilities owed to the Tax Increment Reinvestment Zones in the general ledger. Additionally, they should enhance controls to ensure timely and accurate recording of all financial transactions.

Management's Response

The County immediately corrected the issue on the general ledger by recording the liabilities. The amounts owed to the Tax Increment Reinvestment Zones were being tracked by the County's accounting and finance staff, but an adjustment to the general ledger was overlooked.

THIS AGREEMENT is entered into on this 16th day of April 2024, by and between the County of Ellis, a local government as defined by Article 791.003(4) of the Texas Government Code (herein "County") and the Mansfield ISD, a local government as defined by Article 791.003(4) of the Texas Government Code, hereinafter referred to as Lessee.

RECITALS:

WHEREAS: Article 123.032(b) of the Texas Election Code provides that a political subdivision may lease equipment from a county in which the political subdivision is wholly or partly situated; and

WHEREAS: Article 123.032(c) of the Texas Election Code provides, with some limitations, that if a political subdivision desires to lease equipment owned by a county in which the political subdivision is wholly or partly situated, the county shall lease the equipment to the political subdivision under the terms agreed to by the parties; and

WHEREAS: County is the owner of certain voting machines identified as ExpressVote Ballot Marking Device (BMD); and

WHEREAS: The purpose of Interlocal Agreements is to increase the efficiency and effectiveness of local governments by authorizing them to contract, to the greatest possible extent, with one another and with agencies of the state; and

WHEREAS: The sharing of voting machines constitutes a "governmental function and service," as defined in Article 791.003(3) (N) of the Texas Government Code, in which the contracting parties are mutually interested; and

WHEREAS: The lease constitutes a contract or agreement described in Article 791.011(c) (2) of the Texas Government Code to provide a governmental function or service that each party to the contract is authorized to perform individually; and

WHEREAS: Lessee has expressed its desire to contract with County for the rental of the herein above described voting machines and certifies under Article 791.011(d) (3) of the Texas Government Code, that sufficient funds from current revenues are available to pay the obligation set out herein, in an amount, as required by Article 791.011(e), that fairly compensates County; and

WHEREAS: County is willing to contract with Lessee to enter into an agreement for the lease of said machines upon the terms and conditions set out hereinafter.

AGREEMENT:

NOW THEREFORE, for value received and in consideration of the covenants, conditions, and premises herein contained, the parties agree as follows;

2. In the event the equipment leased from County to Lessee pursuant to this lease is stolen, lost, damaged, vandalized, destroyed or rendered inoperable, whether intentional or not, Lessee agrees to reimburse County for the full cost of replacement or repair of such equipment. The repair cost shall be determined by the equipment service vendor. The Lessee's payment for repair or replacement costs for damaged or lost equipment, or service cost resulting from same shall be remitted to County by Lessee within thirty (30) days of written notice of loss sent by County to Lessee.

3. County shall supply the Lessee with **ONE (1)** ExpressVote BMD machine and **ONE (1)** curbside cart.

4. Lessee is responsible for the following actions or functions:

   A. Contacting Election System and Software, Inc., herein ES&S, for coding of ExpressVote BMD voting machine.

   B. Ordering Ballots and programmed Flash Drive for the ExpressVote BMD.

   C. Pick-Up of equipment from the Elections Administrator's Office.

   D. Return of equipment to Elections Administration Office by 4:00 p.m. on the next business day after the election.

   E. Reasonable care to prevent theft of or damage to the ExpressVote BMD voting machines.

5. Lessee shall designate individuals at each location to be in charge of operations who will oversee the receipt, care, custody, and control of the machines ("Designated Individuals"). Prior to delivery of the machines, Lessee shall obtain any training necessary for the proper operation and care of the machines for the Designated Individuals.

6. Lessee must designate Individuals for training in the proper operation of the ExpressVote BMD machines. ES&S may periodically provide training in the proper use of the ExpressVote BMD machines. Designated Individuals should attend such training. The Elections Administrator will also provide training to Lessees and its Designated Individuals. The Lessee

shall pay any costs of training Designated Individuals, as well as other personnel it may need to properly and lawfully conduct an election. The Elections Administrator must be satisfied that the Lessee is adequately trained in the operation of the ExpressVote BMD machines prior to Lessee or its agent picking up any machines.

Lessee hereby agrees to indemnify and hold harmless County and its officers, officials, and employees from and against any loss, including claims, demands and causes of action and which loss, claim, demand or cause of action resulted from the performance or non-performance of Lessee or its agents, representatives or employees pursuant to the terms of this agreement.

10. This Agreement is entire as to all of the performance to be rendered under it. Breach of any material obligation to be performed by either party shall constitute a breach of the entire Agreement and shall give either party the right to immediately terminate this Agreement.

11. Lessee agrees to notify County of any change in the Designated Individuals within 14 calendar days of such change and will be responsible to assure the proper training of such individuals.

12. Either party hereto may voluntarily terminate this Agreement at any time upon sixty (60) days prior written notice to the other party sent as provided herein. Within seven (7) days after the date of termination, the Lessee shall return to County all Voting Machines, together with associated equipment and supplies.

(h) Certification Regarding Responsibility Matters (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals--

(1) [____] Are, [____] are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) [____] Have, [____] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(4) [____] Have, [____] have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds the threshold at 9.104-5(a)(2) for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) The tax liability is finally determined. The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) The taxpayer is delinquent in making payment. A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) Examples.

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. §6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. §6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. §6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. §362 (the Bankruptcy Code).

(i) Certification Regarding Knowledge of Child Labor for Listed End Products (Executive Order 13126). (iv) The compensation (wage and fringe benefits) plan for all service employees performing work under the contract is the same as that used for these employees and equivalent employees servicing commercial customers.

(3) If paragraph (k)(1) or (k)(2) of this clause applies—

(i) If the offeror does not certify to the conditions in paragraph (k)(1) or (k)(2) and the Contracting Officer did not attach a Service Contract Labor Standards wage determination to the solicitation, the offeror shall notify the Contracting Officer as soon as possible; and

(ii) The Contracting Officer may not make an award to the offeror if the offeror fails to execute the certification in paragraph (k)(1) or (k)(2) of this clause or to contact the Contracting Officer as required in paragraph (k)(3)(i) of this clause.

***Workers in this classification may be entitled to a higher minimum wage under Executive Order 14026 ($17.20 per hour) or 13658 ($12.90 per hour). Please see the Note at the top of the wage determination for more information. Please also note that the minimum wage requirements of Executive Order 14026 and 13658 are not currently being enforced as to contracts or contract-like instruments entered into with the federal government in connection with seasonal recreational services or seasonal recreational equipment rental for the general public on federal lands. The minimum wage requirements of Executive Order 14026 also are not currently being

enforced as to any contract or subcontract to which the states of Texas, Louisiana, or Mississippi, including their agencies, are a party.

Note: Executive Order (EO) 13706, Establishing Paid Sick Leave for Federal Contractors, applies to all contracts subject to the Service Contract Act for which the contract is awarded (and any solicitation was issued) on or after January 1, 2017. If this contract is covered by the EO, the contractor must provide employees with 1 hour of paid sick leave for every 30 hours they work, up to 56 hours of paid sick leave each year. Employees must be permitted to use paid sick leave for their own illness, injury or other health-related needs, including preventive care; to assist a family member (or person who is like family to the employee) who is ill, injured, or has other health-related needs, including preventive care; or for reasons resulting from, or to assist a family member (or person who is like family to the employee) who is the victim of, domestic violence, sexual assault, or stalking. Additional information on contractor requirements and worker protections under the EO is available at www.dol.gov/whd/govcontracts.

ALL OCCUPATIONS LISTED ABOVE RECEIVE THE FOLLOWING BENEFITS:

HEALTH & WELFARE: $4.98 per hour, up to 40 hours per week, or $199.20 per week or $863.20 per month

HEALTH & WELFARE EO 13706: $4.57 per hour, up to 40 hours per week, or $182.80 per week, or $792.13 per month*

*This rate is to be used only when compensating employees for performance on an SCA-covered contract also covered by EO 13706, Establishing Paid Sick Leave for Federal Contractors. A contractor may not receive credit toward its SCA obligations for any paid sick leave provided pursuant to EO 13706.

VACATION: 2 weeks paid vacation after 1 year of service with a contractor or successor, 3 weeks after 5 years, and 4 weeks after 15 years. Length of service includes the whole span of continuous service with the present contractor or successor, wherever employed, and with the predecessor contractors in the performance of similar work at the same Federal facility. (Reg. 29 CFR 4.173)

HOLIDAYS: A minimum of eleven paid holidays per year: New Year's Day, Martin Luther King Jr.'s Birthday, Washington's Birthday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Columbus Day, Veterans' Day, Thanksgiving Day, and Christmas Day. (A contractor may substitute for any of the named holidays another day off with pay in accordance with a plan communicated to the employees involved.) (See 29 CFR 4.174)

THE OCCUPATIONS WHICH HAVE NUMBERED FOOTNOTES IN PARENTHESES RECEIVE THE FOLLOWING:

1) COMPUTER EMPLOYEES: This wage determination does not apply to any individual employed in a bona fide executive, administrative, or professional capacity, as defined in 29 C.F.R. Part 541. (See 41 C.F.R. 6701(3)). Because most Computer Systems Analysts and Computer Programmers who are paid at least $27.63 per hour (or at least $684 per week if paid on a salary or fee basis) likely qualify as exempt computer professionals under 29 U.S.C. 213(a)(1) and 29 U.S.C. 213(a)(17), this wage determination may not include wage rates for all occupations within those job families. In such instances, a conformance will be necessary if there are nonexempt employees in these job families working on the contract.

Job titles vary widely and change quickly in the computer industry, and are not determinative of whether an employee is an exempt computer professional. To be exempt, computer employees who satisfy the compensation requirements must also have a primary duty that consists of:

(1) The application of systems analysis techniques and procedures, including consulting with users, to determine hardware, software or system functional specifications;

(2) The design, development, documentation, analysis, creation, testing or modification of computer systems or programs, including prototypes, based on and related to user or system design specifications;

(3) The design, documentation, testing, creation or modification of computer programs related to machine operating systems; or

(4) A combination of the aforementioned duties, the performance of which requires the same level of skills. (29 C.F.R. 541.400).

Any computer employee who meets the applicable compensation requirements and the above duties test qualifies as an exempt computer professional under both section 13(a)(1) and section 13(a)(17) of the Fair Labor Standards Act. (Field Assistance Bulletin No. 2006-3 (Dec. 14, 2006)). Accordingly, this wage determination will not apply to any exempt computer employee regardless of which of these two exemptions is utilized.

2) AIR TRAFFIC CONTROLLERS AND WEATHER OBSERVERS - NIGHT PAY & SUNDAY PAY: If you work at night as part of a regular tour of duty, you will earn a night differential and receive an additional 10% of basic pay for any hours worked between 6pm and 6am. If you are a full-time employed (40 hours a week) and Sunday is part of your regularly scheduled workweek, you are paid at your rate of basic pay plus a Sunday premium of 25% of your basic rate for each hour of Sunday work which is not overtime (i.e. occasional work on Sunday outside the normal tour of duty is considered overtime work).

** HAZARDOUS PAY DIFFERENTIAL **

An 8 percent differential is applicable to employees employed in a position that represents a high degree of hazard when working with or in close proximity to ordnance, explosives, and incendiary materials. This includes work such as screening, blending, dying, mixing, and pressing of sensitive ordnance, explosives, and pyrotechnic compositions such as lead azide, black powder and photoflash powder. All dry-house activities involving propellants or explosives. Demilitarization, modification, renovation, demolition, and maintenance operations on sensitive ordnance, explosives and incendiary materials. All operations involving re-grading and cleaning of artillery ranges.

A 4 percent differential is applicable to employees employed in a position that represents a low degree of hazard when working with, or in close proximity to ordnance, (or employees possibly adjacent to) explosives and incendiary materials which involves potential injury such as laceration of hands, face, or arms of the employee engaged in the operation, irritation of the skin, minor burns and the like; minimal damage to immediate or adjacent work area or equipment being used. All operations involving, unloading, storage, and hauling of ordnance, explosive, and incendiary ordnance material other than small arms ammunition. These differentials are only applicable to work that has been specifically designated by the agency for ordnance, explosives, and incendiary material differential pay.

** UNIFORM ALLOWANCE **

If employees are required to wear uniforms in the performance of this contract (either by the terms of the Government contract, by the employer, by the state or local law, etc.), the cost of furnishing such uniforms and maintaining (by laundering or dry cleaning) such uniforms is an expense that may not be borne by an employee where such cost reduces the hourly rate below that required by the wage determination. The Department of Labor will accept payment in accordance with the following standards as compliance:

The contractor or subcontractor is required to furnish all employees with an adequate number of uniforms without cost or to reimburse employees for the actual cost of the uniforms. In addition, where uniform cleaning and maintenance is made the responsibility of the employee, all contractors and subcontractors subject to

this wage determination shall (in the absence of a bona fide collective bargaining agreement providing for a different amount, or the furnishing of contrary affirmative proof as to the actual cost), reimburse all employees for such cleaning and maintenance at a rate of $3.35 per week (or $.67 cents per day). However, in those instances where the uniforms furnished are made of ""wash and wear"" materials, may be routinely washed and dried with other personal garments, and do not require any special treatment such as dry cleaning, daily washing, or commercial laundering in order to meet the cleanliness or appearance standards set by the terms of the Government contract, by the contractor, by law, or by the nature of the work, there is no requirement that employees be reimbursed for uniform maintenance costs.

** SERVICE CONTRACT ACT DIRECTORY OF OCCUPATIONS **

The duties of employees under job titles listed are those described in the ""Service Contract Act Directory of Occupations"", Fifth Edition (Revision 1), dated September 2015, unless otherwise indicated.

** REQUEST FOR AUTHORIZATION OF ADDITIONAL CLASSIFICATION AND WAGE RATE, Standard Form 1444 (SF-1444) **

Conformance Process:

The contracting officer shall require that any class of service employee which is not listed herein and which is to be employed under the contract (i.e., the work to be performed is not performed by any classification listed in the wage determination), be classified by the contractor so as to provide a reasonable relationship (i.e., appropriate level of skill comparison) between such unlisted classifications and the classifications listed in the wage determination (See 29 CFR 4.6(b)(2)(i)). Such conforming procedures shall be initiated by the contractor prior to the performance of contract work by such unlisted class(es) of employees (See 29 CFR 4.6(b)(2)(ii)). The Wage and Hour Division shall make a final determination of conformed classification, wage rate, and/or fringe benefits which shall be paid to all employees performing in the classification from the first day of work on which contract work is performed by them in the classification. Failure to pay such unlisted employees the compensation agreed upon by the interested parties and/or fully determined by the Wage and Hour Division retroactive to the date such class of employees commenced contract work shall be a violation of the Act and this contract. (See 29 CFR 4.6(b)(2)(v)). When multiple wage determinations are included in a contract, a separate SF-1444 should be prepared for each wage determination to which a class(es) is to be conformed.

The process for preparing a conformance request is as follows:

1) When preparing the bid, the contractor identifies the need for a conformed occupation(s) and computes a proposed rate(s).

2) After contract award, the contractor prepares a written report listing in order the proposed classification title(s), a Federal grade equivalency (FGE) for each proposed classification(s), job description(s), and rationale for proposed wage rate(s), including information regarding the agreement or disagreement of the authorized representative of the employees involved, or where there is no authorized representative, the employees themselves. This report should be submitted to the contracting officer no later than 30 days after such unlisted class(es) of employees performs any contract work.

3) The contracting officer reviews the proposed action and promptly submits a report of the action, together with the agency's recommendations and pertinent information including the position of the contractor and the employees, to the U.S. Department of Labor, Wage and Hour Division, for review (See 29 CFR 4.6(b)(2)(ii)).

4) Within 30 days of receipt, the Wage and Hour Division approves, modifies, or disapproves the action via transmittal to the agency contracting officer, or notifies the contracting officer that additional time will be required to process the request.

5) The contracting officer transmits the Wage and Hour Division's decision to the contractor.

6) Each affected employee shall be furnished by the contractor with a written copy of such determination or it shall be posted as a part of the wage determination (See 29 CFR 4.6(b)(2)(iii)).

Information required by the Regulations must be submitted on SF-1444 or bond paper.

When preparing a conformance request, the ""Service Contract Act Directory of Occupations"" should be used to compare job definitions to ensure that duties requested are not performed by a classification already listed in the wage determination. Remember, it is not the job title, but the required tasks that determine whether a class is included in an established wage determination. Conformances may not be used to artificially split, combine, or subdivide classifications listed in the wage determination (See 29 CFR 4.152(c)(1))."

DESCRIPTION OF AGENDA REQUEST (please use exact desired wording for agenda):

Discussion, consideration, and approval to update the Ellis County Smoke Free Workplace Policy banning smoking in county buildings to include electronic nicotine delivery systems including e-cigarettes, e-cigars, e-hookahs, e-pipes, and vapes.

Smoke and Vape Free Workplace Policy

This Smoke Free Policy amends the current Smoke Policy in the Ellis County Personnel Policy Manual, section 11.02, to include the use of electronic nicotine delivery systems – known as e-cigarettes, e-cigars, e-hookahs and e-pipes.

To protect and enhance indoor air quality and contribute to the health and well-being of all County employees, visitors, and the general public; Ellis County shall be entirely smoke free and vape free. This policy is effective immediately.

Policy: Ellis County buildings shall have a smoke-free environment, except that smoking will be permitted in:

- Designated outdoor smoking areas away from the building entrance;
- County jail inmate housing, at the discretion of the Sheriff; and
- Open air precinct barns, at the discretion of the Commissioner.

Universal "NO SMOKING" signs are to be installed at each entrance to County buildings.

Applicability: This policy shall apply to all employees who are employed by Ellis County, volunteer their services to the County, or perform services for the County as salaried employees of other agencies.

It shall also apply to any member of the general public obtaining access to any County facility.

Smoking and the use of other tobacco products is prohibited except as otherwise noted in the Policy statement of this section.

Definitions: Tobacco product shall mean any tobacco-based product used for the purpose of smoking, dipping or chewing including, but not limited to cigarettes, cigars, snuff and chewing tobacco.
Smoking refers to the use of traditional tobacco products. Vaping refers to the use of electronic nicotine delivery systems or electronic smoking devices. These are commonly called e- cigarettes, e-pipes, e-hookahs and e-cigars.

Background: To date, e-cigarettes and similar devices are not regulated by the U.S. Food and Drug Administration (FDA) and are not approved as cessation aids. The FDA has, however, concluded that e-cigarettes pose health risks and contain detectable levels of carcinogens and toxic chemicals. At this time, e-cigarettes are not considered a safe alternative to smoking, and no scientific evidence has shown that they help smokers quit.

Violations: An employee of Ellis County who commits an act in violation of this policy shall be subject to disciplinary action by the department head or elected official.

Employees who perform services for the County as salaried employees of other agencies shall be warned of the violation. Should such person continue to violate this policy, the person shall be removed from County facilities by a law enforcement officer of the County.

2. Amendment. The Parties hereby agree to extend the Closing to the earlier of May 10, 2024, or 10 days after Sellers complete all demolition and clean up obligations pursuant to Section 4.04.(a) of the Contract ("**Obligations**").

The Parties agree that if the Obligations are not completed by May 10, 2024, Buyer may close on the Property and receive credit against the Purchase Price (as defined in the contract) for the cost to complete the Obligations, if known, or if unknown, an amount reasonably believed necessary to complete the Obligations plus twenty-five percent (25%) will be escrowed with the Buyer's attorney and used exclusively to complete the Obligations and any funds remaining after the Obligations are completed will be remitted to Sellers.
